

Site Plan Instructions

Please use this checklist and example to create your site plan on the following page.

Please indicate:

- The lot lines;
- Sketch in the location and dimensions (footprint) of all buildings (existing and proposed), indicating second storeys, decks, carports and sheds;
- Show the overall height of proposed structure;
- Label use of each building as shown on sketch;
- Show the distance to each lot line from the proposed structure;
- The location of any creek, and/or lake that may be present;
- The location of the driveway and all lanes or streets on which the property borders;
- A calculation of the parcel coverage; (take square footage of all buildings & structures divided by square footage of the lot X 100)
- Draw an arrow indicating the North direction; and
- The street or road name and legal description/PID of the property.

Street or Road Number/Name: 1234 Cariboo Road

Owner's name: John Smith

PID: 000-000-000

Site Plan Worksheet
