SECTION 1.0 ADMINISTRATION

1.1 Title

- 1.1.1 This Bylaw will be referred to as the District of 100 Mile House Zoning Bylaw No. 1290, 2016.

1.2 Purpose

- 1.2.1 The purpose of this Bylaw is to provide a clear and efficient system of land use regulation for the orderly, economic, beneficial, equitable and environmentally sensitive use, development, and redevelopment in the District of 100 Mile House, having regard for the provisions of the 100 Mile House Official Community Plan Bylaw No. 1288, 2016.
- 1.2.2 The District of 100 Mile House Zoning Bylaw No. 1290, 2016 contains regulations of general application and has been divided into zoning districts with regulations with respect to:
- a) the use of land, surface of water, buildings and structures;
 - b) the density of the use of land, buildings and structures;
 - c) the siting, size and dimensions of:
 - i. buildings and structures; and
 - ii. uses that are permitted on the land;
 - d) the location of uses on the land and within buildings and other structures;
 - e) the shape, dimensions and area, including the establishment of maximum and minimum sizes of all parcels of land that may be created by subdivision;
 - f) the provision of off-street parking and loading spaces;
 - g) the provision of screening or landscaping; and
 - h) floodplain management.

1.3 Effective Date

- 1.3.1 This Bylaw will come into effect on the date of adoption by Council of the District of 100 Mile House.

1.4 Repeal

- 1.4.1 District of 100 Mile House Zoning Bylaw No. 801, 1999, and all subsequent amendments are hereby repealed.

1.5 Applications in Progress

- 1.5.1 A completed application for a building permit or subdivision, which is received prior to the effective date of this Bylaw must be processed in accordance with the Local Government Act.

1.6 Severability

- 1.6.1 If any Section, subsection, sentence, clause, or phrase of this Bylaw is for any reason held to be invalid by the decision of any Court of competent jurisdiction, the invalid portion must be severed and the decision that is invalid must not affect the validity of the remainder.

1.7 Compliance with Other Legislation

- 1.7.1 In addition to this Bylaw, a person is responsible for ascertaining and complying with the requirements of any other applicable District bylaws, or Provincial or Federal statutes and regulations.
- 1.7.2 Applicants are advised to check the current certificate of title and the Agricultural Land Commission Act, and its regulations, to confirm the requirements for approvals under that Act.
- 1.7.3 The provisions of the development permit system included within the District of 100 Mile House Official Community Plan apply in addition to the regulations in this Bylaw.
- 1.7.4 Where reference is made to other legislation, this means the legislation as may be amended from time to time.

1.8 Zoning Maps

- 1.8.1 The District of 100 Mile House is divided into land use zones.
- 1.8.2 The boundaries of those zones and areas, together with all explanations written on or appended, are shown on Schedule 2 (Zoning Bylaw Map – District Wide and Main Community Inset) to this Bylaw.

1.9 Non-conforming Parcels

- 1.9.1 Parcels created prior to the adoption of this Bylaw, regardless of area or dimensions, may be used for any of the permitted uses of the designation in which they fall, subject to the limitations contained therein and provided

the method by which sewage is disposed is satisfactory to the Medical Health Officer or recognized authority.

1.9.2 Where a lot is reduced in size as a result of taking for public use by the District, Provincial or Federal Government, the Board of School Trustees, or a Public Utility by dedication, expropriation, or purchase, the lot and buildings and structures thereon are deemed to conform with the provisions of this Bylaw and the lot must be considered to exist as it did prior to the taking for the purpose of further development upon the lot under its existing zoning regulations, provided such taking:

- a) is satisfactory to the Medical Health Officer or recognized authority with respect to onsite sewage disposal;
- b) does not reduce a minimum front, side or rear yard below 1.5 metres unless this Bylaw does not require such yard;
- c) the utility installation does not endanger the continuing use of the property as permitted by this Bylaw; and
- d) does not result in the parcel being rendered unsuitable for any of the uses permitted in the zone in which the lot is located.

1.10 Non-conforming Uses

1.10.1 A lawful use of premises existing at the time of adoption of this Bylaw, although such use does not conform to the provisions of this Bylaw, may be continued, subject to the provisions of the Local Government Act and where applicable, the Agricultural Land Commission Act respecting non-conforming uses.

1.11 Administration of Bylaw

1.11.1 The Administrator, Planner, Bylaw Enforcement Officer, Building Inspector or any other person appointed by Council are hereby authorized to administer this Bylaw.

1.12 Public Hearing

1.12.1 Unless waived **or prohibited** in accordance with Section 464 (2) **(3), (4)** of the *Local Government Act*, a public hearing must be held for any amendment to this Bylaw.

Bylaw No. 1421

SECTION 2.0 BYLAW ENFORCEMENT

2.1 Appointment of Enforcement Officers

2.1.1 The Planner, Bylaw Enforcement Officer and Building Inspector are appointed by the District Council as Enforcement Officers and are hereby authorized when the District's office is open during regular business hours, to enter on any property that is subject to regulation under this Bylaw, to ascertain whether the regulations or directions under this Bylaw are being observed.

2.2 Violation

2.2.1 Every person who:

- a) contravenes any provision of this Bylaw;
- b) causes or permits any act or thing to be done in contravention of any of the provisions of this Bylaw;
- c) neglects or omits to do anything required under this Bylaw;
- d) carries out, causes or permits to be carried out any development in a manner prohibited by or contrary to any of the provisions of this Bylaw;
- e) fails to comply with an order, direction or notice given under this Bylaw; or
- f) prevents or obstructs, or attempts to prevent or obstruct, the authorized entry of an Enforcement Officer to enforce this Bylaw on property, will be deemed to have violated the provisions of this Bylaw.

2.3 Notice of Violation

2.3.1 Once an Enforcement Officer has found a violation of this Bylaw, the Enforcement Officer may notify the owner of the property, the person in possession of the land or development or the person responsible for the Bylaw violation or contravention, by either:

- a) delivering, in person or by ordinary mail or fax, a Warning Notice of Violation; or
- b) posting a Warning Notice of Violation in a conspicuous location on the site.

2.3.2 A Warning Notice of Violation must state:

- a) the nature of the violation of this Bylaw;
- b) the scope of the corrective measures required to comply with this Bylaw; and
- c) the time limit within which such corrective measures must be performed.

2.3.3 Pursuant to the provisions of the Local Government Act, the District Council may direct the owner of the property, the person in possession of the land or buildings, or the person responsible for the contravention to comply with the provisions of this Bylaw, by way of an Order.

2.3.4 The District Council may order any person carrying out any development or doing anything in contravention of this Bylaw to:

- a) immediately stop the development or use of the land, building, structure, or sign in whole or in part; or
- b) take such other measures as are specified in the Order so that the development or use of the land or building is in accordance with this Bylaw; and
- c) comply with the provisions of this Bylaw within the time specified by the Order.

2.4 Order

2.4.1 This Order must be delivered by registered mail or be personally served to the person identified in Section 2.3.

2.4.2 Where a person fails or refuses to comply with the Order, the Enforcement Officer must take such action as is necessary to enforce the Order.

2.4.3 Any costs or expenses incurred by the District in carrying out an Order will be placed on the tax roll as an additional tax against the property concerned, and that amount will be collected in the same manner as taxes on the land.

2.5 Penalties

2.5.1 Each person who violates any of the provisions of this Bylaw is liable on summary conviction, to a fine not exceeding \$2,000.00 and the costs of prosecution.

2.5.2 Each day's continuance of an offence under Section 2.2 constitutes a new and distinct offence.

SECTION 3.0 INTERPRETATION

3.1 General

- 3.1.1 Words used in the present tense include the other tenses and derivative forms; words used in the singular include the plural and vice versa; and the word “person” includes a corporation, firm, partnership, trust, and other similar entities as well as an individual. Words have the same meaning whether they are capitalized or not.
- 3.1.2 The words “must” and “will” require mandatory compliance except where a variance has been granted pursuant to the *Local Government Act*.
- 3.1.3 Words, phrases, and terms neither defined in this section nor in the *Local Government Act* will be given their usual and customary meaning.

3.2 Zone Boundaries

- 3.2.1 The zone boundaries on the Zoning Maps will be interpreted as follows:
 - a) where a zone boundary follows a street, lane, railway, pipeline, power line, utility right-of-way, or easement, it follows the centre line, unless otherwise clearly indicated on the Zoning Maps;
 - b) where a zone boundary is shown as approximately following the District of 100 Mile House boundary, it follows the Municipal boundary;
 - c) where a zone boundary is shown as approximately following the edge, shoreline, or natural boundary of a river, lake, or other water body, it follows the natural boundary;
 - d) where a zone boundary is shown as approximately following a property line, it is interpreted as following the property line;
 - e) where a zone boundary is shown as approximately following a topographic contour line or a top-of-bank line, it follows that line;
 - f) where a zone boundary is shown as being generally parallel to or as an extension of any of the features listed above, it will be so; and
 - g) in circumstances not covered above, the zone boundary will be determined by the scale of the Zoning Maps.

- 3.2.2 When any street or lane is closed by municipal bylaw or any utility right-of-way or easement is discharged, the said lands have the same zoning as the abutting land. When abutting lands are governed by different zones, the centre of right-of-way or easement is the zone boundary unless the zone boundary is shown clearly following the edge of the right-of-way or easement. If the right-of-way or easement is consolidated with an adjoining parcel, the parcel's zoning designation applies to affected portions of the right-of-way or easement.

SECTION 4.0 GENERAL REGULATIONS

4.1 Applicability of General Regulations

- 4.1.1 Except as otherwise specified in this Bylaw, the provisions of Sections 4.0 apply to all zones established under this Bylaw.

4.2 Subdivision

- 4.2.1 All subdivisions must comply with relevant sections of the *Strata Property Act*, *Public Health Act*, *Land Title Act*, *Local Government Act*, *Environmental Management Act*, *Transportation Act* and the District's Works and Services Bylaw.
- 4.2.2 The approval of a subdivision adjacent to a Controlled Access Highway will require the prior approval of the Provincial Approving Officer under Section 80 of the *Land Title Act*.
- 4.2.3 All subdivisions must also comply with Other Regulations, including but not limited to:
- a) Applications for subdivision will be reviewed for compliance with the requirements of this Bylaw, the Works and Services Bylaw and Provincial legislation. Nothing contained in this Bylaw will relieve the owner of a subdivision from the responsibility to seek out and comply with legislation applicable to this undertaking; and
 - b) Except where a setback of a building or structure in respect to a highway is concerned, no subdivision will be approved which would cause any existing building or structure, sewage disposal installation or used source of potable water to contravene any Bylaw or other regulation in force.

4.3 Minimum Parcel Size Exceptions

- 4.3.1 The minimum parcel size for subdivision requirements of this Bylaw do not apply to:
- a) The consolidation of existing parcels or the addition of closed streets to an existing parcel;
 - b) The alteration of lot lines between two or more parcels where:

- i. no additional parcels are created upon completion of the alteration;
 - ii. the altered lot line does not infringe on the required setbacks for an existing building or structure located on a parcel; and
 - iii. the alteration does not reduce the site area of the parcels involved to a size less than that of the smallest parcel that existed prior to the alteration.
- c) An existing parcel that meets the present minimum parcel size requirements of this Bylaw must not, upon completion of a lot line alteration, have a parcel size less than that required within the respective zoning district.

4.4 Minimum Parcel Width Exception

4.4.1 A panhandle lot may be permitted provided that:

- a) A panhandle lot in a residential zone shall have a minimum width of six metres and should accommodate a safe driveway of not less than 3.5 metres in width;
- b) A panhandle lot in any other zone shall have a minimum width of nine metres and should accommodate a safe driveway of not less than seven metres in width;
- c) The area occupied by a panhandle shall not be included in the lot area used to determine compliance with the minimum area requirements under this bylaw;
- d) The length of the panhandle shall not exceed 40 metres;
- e) A subdivision is not permitted with more than two abutting panhandle lots; and
- f) Panhandle lots shall not be permitted where the primary or sole access is from a Provincial highway or major collector road as shown on Schedule E: Transportation Network of the Official Community Plan.

4.5 Principal Buildings

4.5.1 No more than one principal building is permitted in the R-1, R-2, R-3, ER-1 and ER-2 zones.

- 4.5.2 More than one principal building is permitted in the Commercial, Industrial, Public Use & Institutional, and Multi-unit Residential zones subject to the provision of the applicable zoning district.

Bylaw No. 1344

- 4.5.3 Principal buildings must be oriented toward and parallel to the fronting street.

Bylaw No. 1327

4.6 Uses Permitted in all Zones

- 4.6.1 The following uses are permitted in every zone and are not subject to the minimum parcel area of any zone:

- a) parks, playfields and open space;
- b) utility uses; and
- c) roads and lanes.

- 4.6.2 The following uses are permitted in all residential zones:

- a) Residential care of not more than two persons not related by blood or marriage and where a licence under the *Community Care and Assisted Living Act* is not required.

4.7 Prohibited Uses of Land, Buildings and Structures

- 4.7.1 The use of a tent, trailer or motor home or other recreational vehicle as a permanent residence is prohibited.

- 4.7.2 Unless otherwise specifically permitted in this Bylaw, no parcel will be used for the wrecking, salvage or storage of more than one derelict vehicle or as a salvage operation.

Bylaw No. 1323

- 4.7.3 Unless otherwise specifically permitted in this Bylaw, no parcel will be used for retail cannabis sales.

4.8 Height Exceptions

- 4.8.1 Any of the following may exceed the height limitations specified for each zone of this Bylaw, and must not occupy greater than 10 percent of the roof area of the building, if applicable:

- a) flag pole;
- b) water tower;
- c) fire and hose tower;

- d) antenna or mast for the transmission or reception of radio and television signals;
- e) chimney;
- f) church spire, belfry;
- g) mechanical appurtenance located on a rooftop;
- h) mast or aerial; or
- i) transmission tower.

4.9 Projections

4.9.1 Except as otherwise provided for in particular zones, the following regulations apply to building projections:

Bylaw No. 1330, 2018

- a) Steps, gutters, eaves, sunlight control devices, cornices, sills, **chimneys, bay windows** and belt courses may project into required setbacks to a maximum of 0.6 metres measured horizontally;
- b) Unenclosed ramps or other structures intended to provide access for physically disabled persons may project fully into required setbacks;
- c) In no case may a projection cross a parcel line.

4.9.2 Except for a permitted projection as provided for in Section 4.9.1, where a building above the ground level extends closer to a parcel line than the setback at the foundation level, the required setback shall be calculated based on the closest distance to the parcel line along a horizontal plane.

4.10 Accessory Buildings and Structures

4.10.1 All accessory buildings or structures attached to a principal building are deemed to be a portion of the principal building.

4.10.2 When not attached, all buildings must be separated from each other by a minimum horizontal distance of two metres from ground to sky.

4.10.3 No accessory building or structure may be erected on any parcel unless the principal building to which the accessory building or structure is an ancillary use has been erected or is in the process of being erected.

4.10.4 No accessory building or structure may be used as a principal dwelling.

4.10.5 An accessory building or structure shall not be located within a required setback from a front parcel line.

4.10.6 A portable building or structure:

- a) Cannot be located in a required front parcel setback area; and
- b) Cannot exceed an area of 20 square metres.

4.11 Temporary Buildings and Structures

4.11.1 Temporary buildings and structures which are erected for the purpose of providing temporary office space, shelter and accommodation for construction crews or storage of materials for the construction of any public utility or service, or building or structure for which a required building permit has been obtained may be permitted in all zones provided:

- a) Application has been made in writing to the Building Inspector for a permit to erect a temporary building or structure. The application must state clearly the proposed location of the building or structure, the nature and purpose, and the length of time it is intended to maintain the building or structure;
- b) The proposed temporary building or structure must not constitute or cause a public hazard, nor obstruct unnecessarily and public right-of-way. The Building Inspector must require a bond or other security to be posted; and
- c) Within 30 days of the completion of the utility service, building or structure, such temporary building or structure must be removed and the site thereof restored as nearly as possible to its condition prior to the erection of the building or structure.

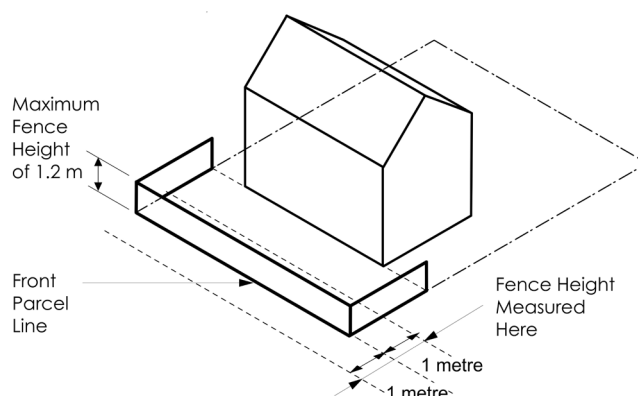

4.11.2 A temporary residential dwelling unit may be permitted in an A-1 or A-2 zone provided:

- a) Application must be made to the Building Inspector for a permit to erect a temporary dwelling;
- b) The application to the Building Inspector must state clearly the proposed location of the temporary dwelling, the nature and purpose, and the length of time it is intended to maintain the temporary dwelling unit; and
- c) If the temporary dwelling:

- i. Meets all the requirements of the zone in which it is situated;
- ii. The proposed temporary dwelling would not constitute or cause a public hazard;
- iii. The Building Inspector shall require a bond or other security to be posted to ensure removal of the temporary building in the case of non-compliance. Such permit may be renewed once, upon written application for a period not to exceed 12 months; and
- iv. The temporary dwelling must be removed within 30 days of the completion of the permanent dwelling unit, and the site thereof restored as nearly as possible to its condition prior to the erection of the temporary dwelling.

4.12 Fence Heights

4.12.1 The height of a fence, wall or hedge will be measured from the average grade one metre from both sides of the said fence, wall or hedge.

4.12.2 In all zones, fences other than required screening, subject to Section 4.15, must not exceed:

- a) 1.2 metres in height between the front parcel line and the building or use on the parcel; and
- b) 2.0 metres in height elsewhere on the parcel except for agricultural and industrial zones in which the height must not exceed 3.0 metres.

- 4.12.3 Despite the regulations contained in this section, open mesh or chain link type fences may be erected in an agricultural, industrial or institutional/public use zone to a maximum height of 4.0 metres.

4.13 Screening and Landscaping

- 4.13.1 Any part of a parcel not used for storage, building, parking, or loading facilities or outdoor recreation must be landscaped except in the A1, A-2 and A-3 zones.

4.13.2 Storage Yards:

- a) Except in the I-1 and I-2 zones, no storage yard or area shall be permitted in a required front yard; or in any required yard which is across a street from or abutting a parcel in a residential zone; and
- b) Except in the I-1 and I-2 zones, storage yards must be screened with a solid fence or wall 2.4 metres in height, or a compact evergreen hedge not less than 1.5 metres in height.

4.14 Exterior Lighting

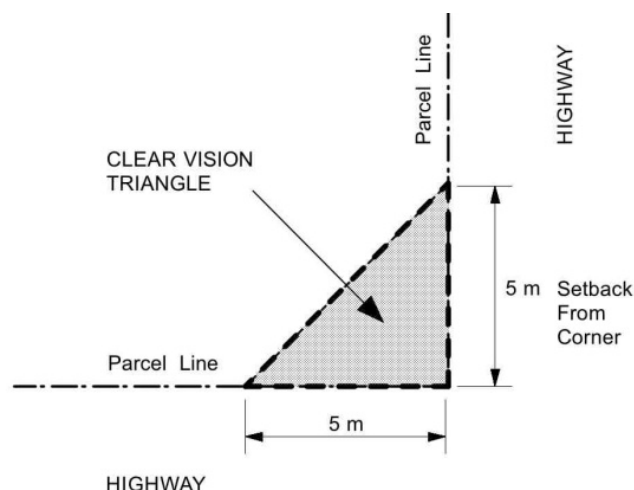

- 4.14.1 All exterior floodlighting or spotlighting must be deflected away from adjacent properties.

4.15 Vision Clearance at Intersections

Bylaw No. 1327

- 4.15.1 No person being the owner, occupier or lessee of a parcel in any zone except C-1 shall place or permit to be placed any landscaping, building or structure exceeding 1 metre in height other than a chain link fence, above the established grade of the intersecting highway or street within a triangular plane 5 metres along the lot lines from the intersecting highway or streets.

Please see the illustration on the following page.

- 4.15.2 In the C-1 Zone no structure or vegetation except a supporting column or pillar or a sign, pylon/pole, or a tree trunk will be erected or permitted to grow between the heights of 1 metre and 3 metres above the highway grade that abuts the lot line adjacent to the highway line for a distance of 3 metres from their point of intersection.

4.16 Shipping Containers

- 4.16.1 Shipping containers are permitted in all zones subject to the following regulations.
- 4.16.2 In residential zones, one shipping container per parcel is permitted only on a temporary basis, **to a maximum of 2 years, during** active construction on the property, such construction the subject of a valid Building Permit, provided the shipping container is removed within two weeks of the completion of construction or the expiration of the permit.
- 4.16.3 In all other zones, shipping containers are permitted on either a temporary or permanent basis.
- 4.16.4 Shipping containers may not comprise the sole use of the property; they must be ancillary to an existing principal permitted use.
- 4.16.5 Placement of shipping containers is subject to all zoning regulations, including setbacks, site coverage, maximum height.
- 4.16.6 Shipping containers which are placed permanently must be screened from a highway or roadway, and the container must not be visible above the screening. This applies to all zones except industrial zones, where screening is only required if visible from Cariboo Highway 97.

Bylaw No.
1371,2020

- 4.16.7 ~~Shipping containers are not permitted to be used as components of buildings. This includes, among other things, that roofs are prohibited unless the roof is self-supporting, and completely independent of the shipping container.~~

Shipping containers are not to be used as habitable buildings or building components, unless professional involvement is provided.

- 4.16.8 Shipping containers are not permitted to be used as fencing, screening, principal purpose of advertising, or as a commercial storage facility.
- 4.16.9 A maximum of 1 shipping container per parcel is permitted except where parcels are larger than 0.4 hectare in area, one additional shipping container shall be permitted.
- 4.16.10 Where multiple shipping containers are permitted, no more than two shipping containers may be stacked on top of one another.

4.17 Home Occupation

- 4.17.1 Home occupation is permitted that meets all the provisions of this section and may include the following uses:

- a) business office;
- b) art or music studio;
- c) tutoring;
- d) homecraft;
- e) internet based business; and
- f) child care use with not more than 8 pre-school and/or school-aged children.
- g) **Personal service establishment, except for laundry and dry cleaning services.**

- 4.17.2 No more than 30 square metres or 50% of the floor area of the principal dwelling unit, whichever is less, may be used in connection with the home occupation.
- 4.17.3 Any home occupation must be carried out within the dwelling unit or in an accessory building (where permitted in the particular zone), with no external storage of materials, containers or finished products.
- 4.17.4 A home occupation is not permitted to have any commercial vehicle, exceeding a 1 tonne truck, to be located outside of an unenclosed building.

- 4.17.5 Only the occupants of the principal dwelling unit may carry on the home occupation located on the same parcel.
- 4.17.6 The home occupation must not generate traffic that exceeds the level prevailing in the neighbourhood or creates a demand for parking that cannot be contained within the parcel containing the home occupation.
- 4.17.7 The home occupation must not produce a public offence or nuisance of any kind (e.g. noise, smoke, dust, toxic or noxious matter, odour, electrical interference) beyond the parcel lines of the parcel containing the home occupation.
- 4.17.8 The home occupation must not use materials or that produce flammable or explosive vapours or gasses.
- 4.17.9 No retail sales are permitted on the premises except the sale of goods directly associated with the home occupation.
- 4.17.10 The home occupation must be carried out with no change to the parcel or external change to the principal dwelling including outdoor storage, display of materials, floodlighting or signs except as permitted in the Sign Bylaw.

4.18 Home Industry

4.18.1 A home industry may include the following uses:

- a) enclosed maintenance, storage and repair of vehicles and machinery owned or operated by the resident;
- b) small-scale processing of food, the assembly or repair of wood, repair of small engines, electronic devices, electrical components, home craft or hobby and similar products;

Bylaw No. 1327

Bylaw No. 1327

4.18.2 A home industry does not include salvage or storage of derelict vehicles and equipment, used building or domestic products and similar discarded or recyclable materials.

4.18.3 Any home industry must be carried on in the principal dwelling unit and/or in an accessory building.

- 4.18.4 No more than 55 square metres or 50% of the gross floor area of the principal dwelling unit whichever is less may be used for a home industry.
- 4.18.5 No retail sales are permitted on the premises except the sale of goods directly associated with the home industry
- 4.18.6 The storage of materials, commodities or finished products associated with a home industry is permitted provided that such storage is enclosed within a building and the building does not exceed 200 square metres in area.
- 4.18.7 Only the inhabitants of the principal dwelling unit may be employed to carry on the home industry located on the site.
- 4.18.8 A home industry must not be located on a parcel unless a principal dwelling unit already exists or is being constructed simultaneously, on the same parcel.
- 4.18.9 The home industry must not produce a public offence or nuisance of any kind (e.g. noise, smoke, dust, toxic or noxious matter, odour, electrical interference) beyond the parcel lines of the parcel containing the home industry.

Bylaw No. 1327

4.19 Bed and Breakfast

- 4.19.1 A bed and breakfast operation is permitted as an accessory use within a single detached dwelling in all zones subject to the following:
- a) the operation is located within the principal dwelling unit on the parcel;
 - b) no more than four patrons are accommodated within the dwelling unit at one time;
 - c) no more than two bedrooms are used for the bed and breakfast operation;
 - d) one onsite parking space is provided;
 - e) no cooking facilities or other facilities for the keeping of food are provided for within the bedrooms intended for the said operation; and
 - f) no patron may stay within the same dwelling for more than thirty days in a calendar year.

4.20 Secondary Suites

- 4.20.1 A secondary suite, where permitted within this Bylaw, is permitted only as an accessory use within a single detached dwelling.
- 4.20.2 No more than one secondary suite will be permitted in a single detached dwelling. A secondary suite will not be permitted in conjunction with a bed and breakfast use.
- 4.20.3 A secondary suite will not be permitted if a coach house has been constructed on the same parcel.
- 4.20.4 A secondary suite must provide one onsite parking space.
- 4.20.5 No secondary suite shall be permitted without a municipal sanitary sewer connection.
- 4.20.6 The maximum floor area of a secondary suite must not exceed the lesser of 90 square metres or 40% of the total floor area of the single detached dwelling.
- 4.20.7 A secondary suite must comply with all relevant District Bylaws, and the B.C. Building Code, as amended from time to time.
- 4.20.8 Strata titling of a secondary suite will not be permitted.

4.21 Amenity Area

Bylaw No. 1327

- 4.21.1 A required amenity cannot be located within a setback required for that zone.

4.22 Fuel Storage and Distribution

- 4.22.1 All above ground fuel distribution pumps, storage tanks or devices must be located a minimum of 15 metres from any parcel line.

4.23 Keeping of Livestock

In this Bylaw, where agriculture is a permitted use, the keeping of livestock is also permitted in accordance with the following:

4.23.1 Any parcel two hectares or less in area must not exceed one agricultural unit consisting of live farm animal weight of 455 kilograms per unit of livestock, poultry or farmed game for each 0.4 hectare of parcel area.

4.23.2 Despite Section 4.23.1, livestock are not permitted on any parcel 0.4 hectares or less in area.

4.24 Floodplain Regulations

4.24.1 Floodplain regulations are required in accordance with Provincial Flood Hazard Area Land Use Management Guidelines.

4.24.2 The minimum flood construction level is 3.0 metres above the natural boundary of Bridge Creek or 1.5 metres above the natural boundary of any other watercourse, lake, swamp or pond. No person must construct, reconstruct, move or extend a floor system or pad which supports a habitable area, such that the underside of the floor system or the top of the pad or the ground surface on which it is located, is lower than the flood construction level except as provided in Sections 4.24.5 and 4.24.6.

4.24.3 Land within the following is designated as a floodplain setback area:

- a) 15 metres from the natural boundary of Exeter Lake; 100 Mile Marsh and Mud Lake;
- b) 30 metres from the natural boundary of Bridge Creek; and
- c) 15 metres from the natural boundary of Little Bridge Creek and its tributaries.

4.24.4 No person shall place any structural support for a habitable area or fill on land within a floodplain setback area.

4.24.5 Despite the regulations specified in Sections 4.24.2 and 4.24.3, the following floodplain management regulations apply in the A-1, A-2 and A-3 zones:

- a) For Farm Dwelling Units:

Farm dwelling units must be located with the underside of a floor system, or the top of the pad of any habitable area, or the ground surface on which it is located, no lower than 1 metre above the natural ground elevation taken at any point on the perimeter of the building.

- b) For Closed-Sided Livestock Housing Units and Farm Buildings Storing Pollutants:

Closed-sided livestock housing or farm buildings used for the storage of pollutants such as fuel, fertilizer, herbicides and pesticides that are not behind standard dykes must be located with the underside of a floor system, or the top of the pad of any habitable area, or the ground surface on which it is located, no lower than 1 metre above the natural ground elevation, taken at any point on the perimeter of the building.

- 4.24.6 The flood construction levels specified in Section 4.24.2 may be achieved by structural elevation of the habitable area, or by placing adequately compacted fill on which any habitable area is to be constructed or located, or by a combination of both structural elevation and fill.
- 4.24.7 Where fill is used to meet the floodplain management regulations specified in Section 4.24, the face of the fill slope must be adequately protected against erosion from flood flows, wave action, ice and other debris hazards.
- 4.24.8 The following developments and uses are excluded from the requirements of the floodplain management regulations specified in Section 4.24:
- a) renovations to existing buildings or structures that do not involve additions;
 - b) additions to buildings or structures that would increase the size of the building or structure by less than 25 percent of the floor area existing at the date of adoption of this Bylaw;
 - c) that portion of a building or structure to be used as a carport or garage; and
 - d) farm buildings, other than dwelling units.

4.25 Fire Hazard Areas

- 4.25.1 Where a principal use is proposed on a site with a high or extreme wildfire hazard rating in the District of 100 Mile House Community Wildfire Protection Plan, the applicant must provide a wildfire hazard assessment and mitigation strategy prepared by a member of the Association of BC Forest Professionals to ensure the wildfire hazard is mitigated prior to

approval of a rezoning bylaw, building permit or subdivision application, as may be applicable.

4.26 Ministry of Transportation and Infrastructure Required Setback

- 4.26.1 Any sign or structure on a parcel adjacent to a Controlled Access Highway must be set back a minimum of 4.5 metres from the edge of the right of way.

SECTION 5.0 OFF-STREET PARKING AND LOADING REQUIREMENTS

5.1 Parking of Vehicles on Residential Zones

5.1.1 No commercial vehicle, truck, bus contractor's equipment, dismantled or wrecked automobile, boat, or trailer or any similar vehicle, craft, or equipment shall be parked or stored in any residential zone except that the following may be parked or stored in a rear or side yard:

Bylaw No. 1327

- a) one commercial truck or vehicle not exceeding 7,000 kilograms rated capacity;
- b) any derelict vehicle for no more than 30 days in a 60 day period;
- c) one boat or vessel not exceeding 10 metres in length; and
- d) one trailer, camper, or motor home not exceeding 10 metres in length.

5.2 Basic Off-Street Parking and Loading Provisions

5.2.1 Space for all off-street parking and loading of motor vehicles in respect of a use permitted under this Bylaw must be provided and maintained in accordance with the regulations of this section.

5.2.2 Development within 800 metres of an intersection with a controlled access highway falls under the joint jurisdiction of the Ministry of Transportation and Infrastructure and the District of 100 Mile House. Accordingly such developments must also comply with the requirements of the Ministry pursuant to the Transportation Act.

5.2.3 The regulations contained in this section do not apply to buildings, structures and uses existing as of the date of adoption of this Bylaw except:

- a) any alteration or addition to an existing building, structure or use is governed by the *Local Government Act*; and
- b) the number of off-street parking or loading spaces provided prior to the date of adoption of this Bylaw must not be reduced below the applicable off-street or loading space requirements of this section.

5.2.4 The number of required off-street parking and loading spaces must be calculated as follows:

- a) the number of off-street parking spaces required for a building or parcel shall be calculated according to Tables 1, 2 and 3 of this Bylaw;
- b) where the calculation of the required off-street parking spaces or loading spaces results in a fraction, one parking or loading space must be provided in respect of that fraction;
- c) where seating accommodation is the basis for a unit of measurement under this section and consists of benches, pews, booths or similar seating arrangements, each one half metre of width of such seating must be deemed to be one seat;
- d) where the number of employees are used to determine the required parking spaces, the calculation must use the maximum number of employees anticipated on the site at any time;
- e) in the case of mixed uses, the total requirements for the off-street parking facility must be the sum of the requirements for the various uses computed separately;
- f) in respect of a use of building or land permitted under this Bylaw which is not specifically referred to in Tables 1, 2 or 3, the number of off-street parking spaces shall be calculated on the basis of the requirements for a similar use of building or land that is listed in Tables 1, 2 or 3;
- g) where off-street parking is required by this Bylaw, and where access for a person with disabilities is required, parking space(s) will be provided in accordance with the *B.C. Building Code*; and
- h) the number of off-street loading spaces for motor vehicles required for a use of building or land shall be calculated according to Table 4 of this Bylaw.
