

RFP – Wayfinding

Questions & Answers

1. Q - The approximate area to be covered under the purview of the Wayfinding Strategy;
A - The area to be covered includes the District of 100 Mile House.

2. Q - The RFP cites “Create well-structured paths” – What kind of paths are you looking at – Just hiking paths or Bicycle Paths too;
A – We are looking at all types of transportation pathways in the community

3. Q - Please specify the type of signage you are looking for – since the RFP mentions “Creating regions of different visual characteristics”;
A – The Consulting Firm will recommend signage designs and materials to create regions of different visual characteristics, within a unified signage plan overall.

4. Q - Create a specific identity at each location that will be different from all the others – Will there be different types of Signage too?
A – We are looking for recommendations from the consultant on identity recommendations.

5. Q - We are aware of an ongoing Tourism Assets Inventory project (a reference to it is listed under the closed RFP's section). We were wondering if this inventory will be made available to the Wayfinding team.
A – The Tourism Asset Inventory final report will be completed near the end of August. District staff will answer any questions the Wayfinding Team has throughout the project.

6. Q - We would like to ask if the scope of work includes also highway signage
A – Yes. The scope of work will include recommendations including highway and/or gateway signage.

7. Q - Could you please confirm the email address for the proposal submission.
A – ecdev@100milehouse.com Attn: Susan Paulsen
