To: <100mileyouthinitiative@gmail.com>

Hello:

My husband Simon and myself would like to express our support for the new skate board park. It is long overdue for this community.

We reside at 345 Dogwood Avenue S (have lived at this address since 1986)

We would like to know if there will be hours restrictions so that the park is not being used late at night and causing noise complaints from residents close by.

Thank you for reaching out to us with your flyer and if let me know if you need anymore information from us.

I look forward to your reply,

Debbie and Simon Dengel

Hi,

My husband and I live at 225 Dogwood and wanted to note we are in full support of adding a skatepark to Centennial Park.

The youth in this town deserve spaces for healthy recreation. We are parents ourselves to 2 under 2 and we would love to see more activities for our children around town as they grow.

Thank you,
Machaela Mullaly & Nick Moore

Hi Maria, we won't be able to attend that meeting. We live at 155 Evergreen, so our backyard faces into the park.

As a big proponent of pro-social recreation for kids and youth, I think it's important you get this skatepark proposal right. I can foresee some push back.

The main concerns I see are three things:

- 1) the noise level / how to manage that. Pickleball was shut down there because of the noise it would cause. We can even hear the basketball hit the rim (not super annoying to us, but there are people closer to the park who will be impacted more). I think there would need to be strict hours when the park is open. There are lights currently that I think are on until 10pm. If there's music and skateboarding going on, I can imagine that aggravating the neighbourhood. The noise carries pretty good down there and it's quite literally right in people's back yards.
- 2) garbage and debris. Our backyard faces directly into a little swimming hole at the creek. It's sad how much garbage is left there by teens. There would need to be rules about this that need to be strictly enforced and garbage cans, etc., that are emptied regularly, otherwise that area of the park is going to be a dump.
- 3) has District property around the rec centre been explored? To me that is a better location for a skatepark as it competes less with neighbours and other centennial park users. It'll be better for everyone honestly.

I grew up skateboarding so I know the stigma and the "not in my backyard" attitude for local resources like this. So for us we are not against your project, I think there should be a skatepark in town, but it's important to mitigate the concerns of the other users in the park and the neighbourhood. Thanks for seeking out input. Can call if you have more questions.

Dear Village Council and 100 Mile Youth Initiative,

I would like to start with kudos on the installation of the basketball/tennis courts. As a park rim resident, I have watched the basketball court become hugely popular with our youth and some of our newer residents practicing cricket. I fully understand the need for youth sports as a co-coach of the 100 Mile Wild Cats junior girls' softball team for eight years and an active participant in the Lone Butte 4-H Club for four years.

As far as a skateboard park is concerned, I think the sound of boards slapping on hard surfaces ringing through the little valley would be highly disruptive to parkgoers looking for a little relaxation time, as well as the residents living around it.

There are graphs on Google showing how sound amplifies as it travels upwards. In its proposed location, some of the residential properties are a mere one hundred feet from the site. Pause for a moment and ask yourself, would I like a skateboard park literally and figuratively in my backyard? I'm certainly not opposed to having a skateboard park for our youth, and who knows, maybe even adults, but I am opposed to its proposed location.

I do have some ideas for alternate locations, perhaps we could discuss them at some point.

Sincerely,

Brian Thorsteinson

Subject: Proposed skate park in Centennial park

Hello,

Thank you to the 100 Mile House Youth Initiative for sharing your letter about the proposed skate park at the north end of Centennial Park. Unfortunately, I was away on the day of the community gathering to discuss this project. I live on Evergreen Crescent.

While I support the idea of the youth in 100 Mile having a skate park, I do not think the north end of Centennial Park is the right place for it. This area of the park is a highly sensitive ecosystem that supports a number of wildlife in the area, including as a breeding ground for migrating birds during this time of year. In addition, this area of the park has access to a sandy area of Bridge creek, which offers a peaceful spot for families and youth to enjoy nature and go for a swim during the hotter months. This area of the park is also not accessible by road, or a paved path, making it difficult for skaters to access, as well as emergency vehicles in the event of an accident. There are also a number of houses that back onto this area of the park and inevitably a skate park will be noisy, which will not only be unpleasant for residents, but will also certainly disturb the sensitive wildlife in the area.

There are other spots in town that would make more sense for this skate park and that are also more accessible to skaters. One spot that comes to mind is the old tennis court that is beside the daycare on Cedar Ave. Or, it could go near the rec centre, which would concentrate the communities recreational activities in the same area, and is removed from residential areas, yet still close to the highschool.

I have included the District of 100 Mile House on this email, for their awareness, and with the request that they please share this with the appropriate individuals.

I do hope the Youth Initiative is able to find a more suitable spot in town for the new skate park.

Re: Fire mitigation adjacent to the 100 Mile Nordics Lodge and outbuildings.

Dear Tammy Boulanger, Chief Administration Officer:

Hello Tammy, as discussed in recent email correspondence, the 100 Mile Nordics lodge and outbuildings situated at 500 Ainsworth Road require fire mitigation in areas immediately adjacent to the back of the lodge and the area surrounding the two machine outbuildings. There are approximately 35 trees that should be removed. Three are dead mature Fir and the remaining are a mix of various sizes of fir and spruce.

The two machine outbuildings hold approximately \$500,000 worth of grooming equipment and are currently vulnerable to both falling trees and fire due to proximity of these trees to the buildings.

Removal of these trees to safeguard our buildings and our equipment is a priority of the Nordics executive. Knowing that our lodge and outbuildings are located within Woodlot #0577, we reached out to Tyrell Law to discuss our options for removal of these trees. Tyrell was kind enough to meet myself and executive member Olaf Strumper on site June 18th to assess the situation.

Prior to our meeting with Tyrell, we had Larsons Tree Removal assess the trees and provide us with a quote for removal of trees that were of most concern. I sent this quote to both you and Tyrell on June 23, 2025.

The quote was for a maximum fee of \$14,000 plus GST. The quote was for cutting the 35 trees down, limbing the trees and chipping limbs and small trees for removal. Options for the remaining larger trees, once cut down and limbed, was left with Tyrell to get back to us on. If left for the Nordics to deal with we could arrange to have volunteers buck the trees up for firewood for the lodge and cabins.

In closing we appreciate your attention to this matter and look forward to hearing how we may deal with these trees, ideally this summer/fall season, and if the District of 100 Mile would consider covering the cost of the tree removal. The three dead fir and those trees that are leaning towards the outbuildings are posing a real risk to our outbuildings and assets.

We would be happy to arrange another site visit or to send photos if that would be helpful.

Sincerely,

Treasurer
100 Mile Nordic Ski Society

Providing a united voice for business and working to enhance the economic prosperity of the South Cariboo Community

I am emailing to ask for consideration on the price for our event on Oct 04 2025.

The Business Excellence awards have not been put on since 2019. This is a 100 Mile event. We have put on fundraisers, and thankfully to the business community we have raised a bit.

Our goal is to put on a black-tie, red-carpet event, as I'm sure you can understand the red-carpet price tag we are absorbing. I ask only for the 1/2 day on Sunday the 5th of October.

Please consider donating that 1/2 day to us.

Or we would welcome the District of 100 Mile House as a sponsor of our event. This would help the SC Chamber financially.

I look forward to hearing from you.

Kind regards

Robert Fry

Manager at the South Cariboo Chamber of Commerce

Re: Business Excellence Awards

DISTRICT OF 100 MILE HOUSE
Schedule “L”
Municipal Facilities & Events Bookings

COMMUNITY HALL

1. Booking Fees (non-refundable)	\$ 25.00
2. Day rental – 8 hours or more	\$ 400.00
3. Half day rental – 8am-3pm or 4pm – 12pm	\$ 250.00
4. Hourly rate up to 4 hours (over 4 hours goes to the half day rate or full day rate)	\$ 50.00/hr
5. Kitchen only	\$ 80.00
6. Bar area only	\$ 60.00
7. Damage Deposit - (refundable)	\$ 500.00
8. Key Deposit (refundable)	\$ 35.00

All rental fees and deposits are payable at the time of booking in order to secure the day(s) of the event.

Cancellations less than 30 days prior to event, will receive a refund for the damage deposit only.

District of 100 Mile House
#1-385 Birch Avenue
100 Mile House, BC
V0K 2E0

Dear Mayor and Council,

Re: Financial support for MLA ride August 14 and 15, 2025

The 108 ATV Club is planning an MLA ATV riding experience for August 14, 15 and 16, 2025 on the Gold Rush Snowmobile Trail from the 100 Mile Snowmobile Club House. We have invited MLAs and local government officials to tour on an ATV and Side-by-Side (ORV) through the beautiful South Cariboo backcountry. We believe this is an excellent opportunity to showcase the significant local tourism and economic opportunities that an expanded and supported ATV/ORV sport can bring directly to our municipalities and region.

We would like to book the 100 Mile Community Hall for the evening of Thursday August 14th for a dinner with presentations from local industry and tourism stakeholders.

We are looking for any financial support the district could help assist with this event.

Your support would be greatly appreciated.

Thank you for your consideration.

Respectfully,

Mark Redl
President, 108 ATV Club
Director, ATVBC

Dear: Mayor and Council,

On behalf of Engage Sport North, I am writing to formally request that the District of 100 Mile House kindly consider waiving the park rental fees for *Centennial Park* to be used for our *Park Play Days* program this summer.

Engage Sport North is a not-for-profit organization dedicated to strengthening communities across Northern British Columbia through physical literacy, sport participation, and recreation. We work to ensure that residents of all ages—especially children and youth—have access to high-quality, inclusive, and low-barrier opportunities to be active, develop skills, and connect with their community.

We are proud to have delivered the *Park Play Days* program in 100 Mile House for the past seven summers, providing free, drop-in physical activity programming for children ages 2–12. This program activates public park space by transforming Centennial Park into a vibrant, welcoming hub where children can avoid screens, play outside, build fundamental movement skills, and connect with peers in a safe, supervised setting.

The benefits to the community extend beyond the children themselves:

- Local youth gain valuable summer employment and leadership experience as program leaders.
- Parents and caregivers enjoy accessible, no-cost recreation opportunities.
- Tourists who discover *Park Play Days* through our province wide advertising contribute to community vitality by spending time (and money) at local businesses during their visit.
- The program helps create a positive, active park atmosphere that encourages healthy outdoor activity for all.

In addition to *Park Play Days*, Engage Sport North has invested in the community of 100 mile house through other initiatives, including establishing the South Cariboo basketball association in 2022 through the *Physical Activity for Communities* grant. We see enormous potential for future partnerships with 100 Mile House and we would very much welcome the opportunity to continue the conversation on how we can collaborate further.

As a non-profit organization, our budgets are tight and built around community partnership. In the past, the District has generously provided access to the public park at no cost to support this valuable program—a practice consistent with all other municipalities across Northern BC who recognize the importance of removing barriers to free community programming. I respectfully ask that the District of 100 Mile House continue its support by waiving the rental fees for Centennial Park for the purpose of delivering *Park Play Days* this summer. Your partnership ensures that more local children can benefit from free, high-quality outdoor recreation and that we can continue to provide safe, healthy, and positive park spaces for the entire community.

Thank you very much for considering this request and I would welcome the opportunity to present to Council or meet at your convenience to discuss this request and explore future partnership opportunities.

PROGRAM OVERVIEW

Park Play Days is a free, outdoor summer drop-in program designed to promote physical activity, social connection, and the development of essential movement skills for children aged 2–12. Delivered in community parks across Northern BC, this program provides a low-barrier opportunity for children to engage in a variety of sports and physical activities, fostering a foundation for lifelong participation in physical activity.

The program is designed to be inclusive and accessible, particularly for families from equity-deserving and low-income communities. By offering trained Engage Sport North leaders, Park Play Days creates a safe and welcoming environment where children can learn fundamental movement skills while caregivers have the chance to socialize and build community connections.

In the summer of 2024, we successfully engaged over 1,000 families across eight communities, including Prince George, Smithers, Dawson Creek, Fort St. John, Chetwynd, and Hudson's Hope. We aim to expand to additional northern communities, including Terrace, Prince Rupert, and Kitamaat, with funding support.

PROGRAM GOALS & OBJECTIVES

1. **Safety & Accessibility:** Provide a secure, inclusive space for children and families to engage in physical activity.
2. **Skill Development:** Equip children (ages 2–12) with fundamental movement skills that form the foundation for lifelong physical activity.
3. **Social Connection:** Foster a community atmosphere where children and caregivers can build relationships through shared activities.
4. **Inclusivity:** Ensure the program is accessible to children of all abilities and backgrounds, particularly those from low-income and equity-deserving communities.
5. **Activating Park Spaces:** Transform local parks into vibrant, safe, and active spaces, encouraging families to be active outdoors and creating more connected communities.

TARGET AUDIENCE

- **Primary:** Children ages 2–12 and their caregivers.
- **Secondary:** Families from equity-deserving and low-income backgrounds who may not have access to registered or paid programming.

PROGRAM FEATURES

- Free and accessible for all.
- Led by trained and certified program leaders.
- Focus on physical literacy, social-emotional development, and active play.
- Safe, outdoor environments that encourage physical activity.
- Promotes community building and social interaction for both children and caregivers.

PARK PLAY DAYS AS A FOUNDATION FOR SPORT

Park Play Days plays a key role in developing physical literacy and supporting the Long-Term Athlete Development (LTAD) framework. By emphasizing the Active Start and FUNdamentals stages of LTAD, this program provides children with the skills they need to build confidence and competence in physical activity. Early exposure to these fundamental skills helps set the foundation for lifelong participation in sports and physical activity, contributing to both personal well-being and the development of Canada's future athletes.

Through trained leaders and positive early experiences, Park Play Days helps children develop balance, coordination, agility, and other essential movement skills, which in turn supports future engagement in organized sports.

PROGRAM REACH & IMPACT

In 2024, **1,081 families** across eight communities participated in Park Play Days. With your support, we aim to expand the program to additional communities in Northern BC, including Terrace, Prince Rupert, and Kitimaat, reaching more children and families in need of accessible and engaging outdoor activities.

Testimonials:

"I am so grateful for the Kids Park and Play Day program! It's such a wonderful initiative that allows parents to drop off their kids at a different park each day, where the leaders plan engaging games and activities to keep them active and entertained. The best part is that this program is completely free, making it accessible to families who may not be able to afford summer camp."

"My kids have had an incredible time, and as a mom, it's been a lifesaver! It has given me the chance to get things done over the summer while knowing my kids are having fun and staying engaged. I will definitely use this program again in the future and highly recommend it to others!"

"Park Play days has been a great benefit to our family, it is nice to have a free program available in the summer that keeps kids active and off screens. It also gives parents a chance to do some errands kid-free too. Thank-you Engage Sport North!"

FUNDING REQUEST

Engage Sport North is seeking **\$50,000–\$100,000 per year** to sustain the Park Play Days program in current communities and expand to additional areas. These funds will support:

- Program delivery (staffing and training)
- Equipment costs
- Marketing and community engagement efforts
- Administrative expenses

The flexibility of our funding model allows us to scale the program according to the available resources, ensuring that we can continue to serve communities across Northern BC while adapting to fluctuating funding levels.

SUSTAINABILITY & MULTI-YEAR FUNDING COMMITMENT

To ensure the program's long-term impact, we seek multi-year funding commitments. Long-term support allows us to:

- Maintain a consistent and high-quality program year after year.
- Build strong community partnerships and trust.
- Expand to new communities, increasing the program's reach and sustainability.

PROGRAM MONITORING AND EVALUATION

To ensure the program remains effective and continues to meet the needs of participants, Engage Sport North will:

- Track attendance and participation rates.
- Collect feedback through surveys and informal conversations with participants and caregivers.
- Evaluate the impact on physical literacy, social connection, and community engagement.
- Use the data gathered to refine and improve program delivery.

FUNDING PARTNER RECOGNITION

Engage Sport North is committed to providing visibility for our funding partners. Recognition includes:

- Social media mentions and highlights on Facebook, Instagram, and YouTube.
 - Recognition in our monthly newsletter (sent to 1,000+ subscribers).
 - Logo placement on program signage, flyers, and posters.
 - Customizable recognition opportunities based on your goals and preferences.
-

CONCLUSION

Park Play Days is a vital program that fosters physical literacy, community connection, and overall well-being for children and families in Northern BC. By developing foundational movement skills in children, we are not only contributing to healthier communities but also laying the groundwork for future success in sports and physical activity.

We invite you to partner with us in creating lasting, positive change in the lives of children and families in Northern BC. Your support will help ensure the program's continued success, expansion, and long-term impact.

To Whom it May Concern:

Re: Support for Engage Sport North funding applications

On behalf of Northern Health's Population and Public Health department, I am writing to express my enthusiastic support for Engage Sport North and their invaluable programs that promote physical literacy and active living for children and families in Northern BC. Engage Sport North works toward their mission of fostering healthy, active lifestyles by offering many free and accessible opportunities that help children build fundamental movement skills, stay active, and experience the joy of play while removing financial barriers to participation.

The importance of facilitating physical literacy in fostering healthy, active lifestyles for children cannot be overstated. By developing fundamental movement skills, children gain the confidence and competence to participate in a variety of physical activities, setting the foundation for lifelong health and well-being.

Programs like *Park Play Days* and *Active Star* are excellent examples of offerings that align with the goals of Population and Public Health and the Healthy Living and Chronic Disease Prevention portfolios, which are centred around improving health equity across the north. These free programs provide structured, yet fun, environments where children can engage in physical activity, learn new skills, and develop healthy habits that will benefit them throughout their lives. These programs not only benefit the children but also strengthen community bonds and foster a culture of active living.

The value of collaboration between health, recreation, and sport sectors in creating sustainable, community-driven solutions is immense. By working together, we can ensure that our communities have the resources and support needed to promote active living and prevent chronic diseases. Engage Sport North's initiatives are a testament to the power of such collaborations, demonstrating how we can collectively make a positive impact on the health and well-being of our community.

In conclusion, I wholeheartedly support Engage Sport North's efforts and urge you to consider providing the necessary funding to continue these essential programs. Together, we can create a healthier, more active future for the children and families of Northern BC.

Thank you for your consideration.
Sincerely,

Dr. Rakel Kling, MD MSc MPH FRCPC
Public Health, Medical Health Officer
Northern Interior HSDA

Dear Madam:

My name is Rozanne Sander. I am a member of the South Cariboo Weavers, Spinners and Fiber Artists Guild. Our members are creating a poppy banner to honour our veterans and the fallen. We would like to display it for the month of November 2025 on the upper portion of the community hall, facing Birch Avenue.

We are able to have it put up and taken down and are seeking the districts permission to do this.

Attached is a picture of just where on the building we would like to display the poppy banner.

You can contact me at this email address or call me at [REDACTED]

Thank you for your consideration of this request.

Sincerely
Rozanne Sander

Province Seeks Feedback on Liquor to Go Policy

Publishing Date: June 25, 2025

The Province is seeking stakeholder feedback regarding its 'Liquor to Go' policy, which allows certain businesses to sell liquor for off-site consumption with the purchase of a meal for takeout or delivery. Local governments are invited to provide their input on this policy by responding to a provincial **engagement paper** by August 7, 2025.

Provincial regulations were temporarily amended in 2020, authorizing Food Primary (e.g., restaurants) and Liquor Primary (e.g., bars, pubs, nightclubs) licensees to sell 'Liquor to Go' with the purchase of a meal. These changes were made to support the hospitality industry at a time when COVID-19 restrictions were in place for in-house dining. This policy was made permanent in 2021.

The Liquor and Cannabis Regulation Branch (LCRB) is examining changes to the 'Liquor to Go' policy to ensure that it meets the Province's objectives: supporting the hospitality industry, and balancing public health and safety.

As part of the March 2025 UBCM-PSSG Liquor Policy Working Group meeting, the Province and local governments discussed compliance challenges associated with this policy. Notable compliance issues related to the requirement to serve a meal

with liquor; the interpretation of what constitutes a meal; and, that some establishments were emphasizing and focused on liquor sales for off-site consumption as opposed to their core responsibilities to provide in-house food and beverage services.

The Province's engagement paper includes several questions for consideration. Local governments are invited to answer these questions, and provide additional input on the benefits and challenges associated with this policy. Questions and/or input regarding this engagement may be sent to the [LCRB](#).

Local government staff members interested in joining the Liquor Policy Working Group are asked to contact [Bhar Sihota](#), UBCM Senior Policy Analyst.

June 20, 2025

Dear Mayor and Council Members,

Across British Columbia, residents are asking urgent questions about safety—on our streets, in our neighbourhoods, and in our homes. For women, girls, and gender-diverse people, the answer is often clear: **they do not feel safe.**

At Battered Women's Support Services (BWSS), we've launched **#DesignedWithSurvivors**, a province-wide initiative that reframes **gender-based violence (GBV) as a public safety crisis.** This campaign is rooted in one essential question:

What would public safety look like if it were designed with survivors in mind?

As municipal leaders, you shape the environment where safety is experienced—or where it fails. You oversee transit systems, public spaces, housing, policing budgets, and community programs. The decisions you make ripple through every part of daily life, especially for those most at risk.

Too often, GBV is treated as a private issue, disconnected from the public realm. But women and girls are harmed on buses, in parks, at workplaces, and in their homes—homes often located in your jurisdictions, with limited access to shelter, legal protection, or trauma-informed support.

Public safety is local. And local leadership matters.

We are inviting you to:

- Acknowledge gender-based violence as a public safety emergency in your municipality
- Commit to survivor-informed urban planning, policing oversight, and community investment
- Share the #DesignedWithSurvivors message to signal that your city, town, or village is part of the solution

This is not about blame—it is about vision. We believe municipalities can lead the way in building safer, more equitable communities by listening to survivors, investing in prevention, and aligning public safety with care, not control.

We would welcome the opportunity to speak with you about how this work could support your public safety, housing, and equity goals. Please reach out if you're open to a conversation.

Safety starts here—and it starts with you.

Warm regards,
Angela Marie MacDougall

Executive Director
Battered Women's Support Services
(BWSS)

Dear South Cariboo Joint Committee, District of 100 Mile House,

Thank you for the 2025 Grants for Assistance Program Grant of \$250 to assist with the costs of our 50th Anniversary Ice Show – Gliding Through the Ages two show performances held at the South Cariboo Recreation Center on April 5, 2025.

Our ice show production was a great success with tickets selling out quickly online by the end of January. Our hockey arena was transformed into a grand theatre with curtains, lights and sound with musical features that delighted the audience. We had a packed arena with community residents and visitors from out of town of all ages that enjoyed commemorating our club's over 50 years of skating in the community with a choreographed musical ice showcase filled with colorful costumes and ice routines featuring music and movie clips from the past five decades. Our show opened with a local Tsq'escen drummer, who did an honor song and two elders who gave a Secwepemc welcome and prayer. We featured the talents and skills of our local skaters and enjoyed feature numbers by Olympians Elvis Stojko and Gladys Orozco as we took a look back over the last 50 years.

The event brought the community together in so many ways. We had incredible support from our local corporate sponsorship including the Cariboo Regional District which assisted with the costs of bringing in our guest skaters and ice rental fees. Numerous businesses donated products and services gift cards for raffle baskets fundraiser that were featured at both show and then raffled off at the end of the evening. We had several volunteers from various local organizations and community individuals who volunteered and help make our show a community effort and event. This support helped to make a positive economic impact on the community not only making a show of this calibre easily assessable and affordable for our residents without travelling to a big city but also brought people from other surrounding and northern communities to 100 Mile House who stayed in hotels, ate in restaurants and discovered some of the gems of our town. For our skaters, to meet, talk and skate with these former Olympians was inspiring and encouraged our skaters to shoot higher knowing that big goals are attainable with hard work and dedication. For many in community they were delighted to speak to Elvis and Gladys and get their autographs. Many left the show with a smile and positive feeling about our community.

The District of 100 Mile House along with many other sponsors received recognition in our show programs, lobby sponsor board, on our Facebook page and finally, with a Free Press thank you acknowledgement to go out very soon.

Thank you for your support!

100 MILE HOUSE**

**COUNCIL REPORT
File No. 570-01**

Regular Council – June 23rd, 2025

REPORT DATE: June 17th, 2025

TITLE: Shipping Container Discussion

PREPARED BY: Administration

PURPOSE: To provide Council with information and request formal direction on shipping container enforcement.

RECOMMENDATION: Recommended Resolution

BE IT RESOLVED THAT the shipping container information report dated May 23rd, 2025 from Administration be received.

"Further action and discussion at the discretion of Council"

BACKGROUND INFORMATION / DISCUSSION:

At the Committee of the Whole meeting held May 28th, 2024 Council received information and discussed Zoning Bylaw housekeeping items, one concern in particular related to shipping containers.

Council confirmed the standpoint whereas shipping containers should not be permitted within residential areas, should not be visible in commercial areas and the District should be enforcing the shipping container regulations in the Zoning Bylaw. Council agreed that shipping container use is acceptable in the industrial areas, subject to prohibiting visibility from Highway 97.

Council directed staff to prepare a detailed summary on the specific location and number of containers located within the municipality that currently do not conform to the District Zoning Bylaw, No. 1290, 2016 to gain the full scope of the concerns.

Some containers were in place pre-2012 whereas the Zoning Bylaw of the time was silent and did not include definitions or regulations associated with shipping container placement.

The District Zoning Bylaw is currently under review, and this is a good opportunity to re-evaluate shipping container regulation and provide any recommendations.

Shipping containers are increasingly being sourced and used for storage of a variety of items including dangerous goods. While offering low-cost, durable options for storage they raise significant concerns related to aesthetics, safety, land use compatibility and enforcement.

The current interpretation of “screened from view” is 100% out of view from a municipal roadway. There should be clear communication and interpretation on screening and what will be permitted. Although many properties meet the lot size requirements for containers it’s important to factor in whether they are properly screened from view.

The current penalty levied for each person who violates the provisions of the Zoning Bylaw is liable on *summary conviction*, to a fine not exceeding \$2,000.00 and the costs of prosecution.

As of May 15th, 2025 bylaw enforcement has identified the following container compliance concerns:

Residential Zones:

- Total Containers Identified: 1
- Non-Compliant Containers: 1

Commercial Zones:

- Total Containers Identified: 24
- Non-Compliant Containers: 24

Industrial Zones:

- Total (approximate) Containers Identified: 82+/-
- Non-Compliant Containers: 50+/-

Public Institutional Zones:

- Total Containers Identified: 9
- Non-Compliant Containers: 9

Primary reasons for non-compliance include:

- location not meeting current zoning regulations
- not screened
- number of containers is in excess

OPTIONS:

Enforce Current Regulations

- Work with property owners to obtain voluntary compliance; deliver a written notice requesting corrective action by either removing the container or screening within a period of six months.
- Where feasible, work collaboratively with property owners to find compliant solutions. (e.g. temporary storage alternatives, relocation timeline)
- Any property owners that choose to ignore the warning issue formal notice of violation and fines under the existing bylaw.
- Prioritize enforcement in residential and commercial areas. The main areas where there are infractions are in the C-3 zone (along Hwy 97), which is not a tourist-commercial area per se, but problematic, nonetheless.

Bylaw Amendments

- Consider updating the new zoning bylaw to:
 - Prohibit containers in all residential and commercial zones.
 - Allow for temporary use permits (TUP) for residential and commercial use (with clear duration and regulations). Incorporating TUP's would create a significant demand of staff time.
 - If permitted, clearly define placement and screening standards in commercial zones.
 - Consider options for container permits and refundable bonds.

BUDGETARY IMPACT: N/A

LEGISLATIVE CONSIDERATIONS: Zoning Bylaw 1290, 2016

ATTACHMENTS:

- Shipping container definitions & regulations
- Listing of current container locations
- Section 2.0 Zoning Bylaw – Bylaw Enforcement

Date: _____

“service station” means a development used for the retail sale of gasoline and other petroleum products, an electrical charging station, a gas bar, card lock facility, washing of motor vehicles and minor servicing of motor vehicles including the sale and changing of tires, lubrication, mufflers and auto accessories but does not include vehicle sales, rental and repair.

“setback” means the minimum required distance between the foundation of a building or structure and a parcel line.

“shipping container” means a prefabricated container or box, usually metal, and normally designed, constructed, and used for the transportation of goods by rail, ship, or truck. Shipping containers include metal storage containers sometimes known as cargo containers, roll off containers, sea cans, intermodal containers, freight containers, tractor trailers, twenty-foot equivalent units (TEU) and by other names, but does not include dumpsters and recycling receptacles intended for the collection and recycling of solid waste.

“shipping container housing” means the use of a shipping container for housing purposes.

“shopping centre” means a group of commercial establishments, planned, developed, owned and managed as a unit, with parking provided on the property. A shopping centre may be enclosed with access through one or more common mall entrances or with direct access to each use and may include retail stores, department stores, food stores, professional and financial services and personal service shops.

“single detached dwelling” means a dwelling which meets the BC Building Code, is freestanding, separate and detached from other buildings or structures which contains only one dwelling unit and is attached to a permanent foundation, crawl space or basement. This excludes, but is not limited to, CAN/CSA Z-240 MH Series certified homes, recreational vehicles, park model trailers, and shipping container housing.

“site coverage” means the total horizontal area of all principal and accessory buildings and structures on a parcel measured where the foundation meets the ground, calculated as a percentage of the total parcel area.

1.2 Shipping Containers

1.2.1 Shipping containers are permitted in all zones subject to the following regulations.

1.2.2 In residential zones, one shipping container per parcel is permitted only on a temporary basis, **to a maximum of 2 years, during** active construction on the property, such construction the subject of a valid Building Permit, provided the shipping container is removed within two weeks of the completion of construction or the expiration of the permit.

1.2.3 In all other zones, shipping containers are permitted on either a temporary or permanent basis.

1.2.4 Shipping containers may not comprise the sole use of the property; they must be ancillary to an existing principal permitted use.

1.2.5 Placement of shipping containers is subject to all zoning regulations, including setbacks, site coverage, maximum height.

1.2.6 Shipping containers which are placed permanently must be screened from a highway or roadway, and the container must not be visible above the screening. This applies to all zones except industrial zones, where screening is only required if visible from Cariboo Highway 97.

~~1.2.7 Shipping containers are not permitted to be used as components of buildings. This includes, among other things, that roofs are prohibited unless the roof is self-supporting, and completely independent of the shipping container.~~

Shipping containers are not to be used as habitable buildings or building components, unless professional involvement is provided.

1.2.8 Shipping containers are not permitted to be used as fencing, screening, principal purpose of advertising, or as a commercial storage facility.

1.2.9 A maximum of 1 shipping container per parcel is permitted except where parcels are larger than 0.4 hectare in area, one additional shipping container shall be permitted.

1.2.10 Where multiple shipping containers are permitted, no more than two shipping containers may be stacked on top of one another.

Bylaw No.
1371,2020

Bylaw No.
1371,2020

SECTION 2.0 BYLAW ENFORCEMENT

2.1 Appointment of Enforcement Officers

- 2.1.1 The Planner, Bylaw Enforcement Officer and Building Inspector are appointed by the District Council as Enforcement Officers and are hereby authorized when the District's office is open during regular business hours, to enter on any property that is subject to regulation under this Bylaw, to ascertain whether the regulations or directions under this Bylaw are being observed.

2.2 Violation

- 2.2.1 Every person who:

- a) contravenes any provision of this Bylaw;
- b) causes or permits any act or thing to be done in contravention of any of the provisions of this Bylaw;
- c) neglects or omits to do anything required under this Bylaw;
- d) carries out, causes or permits to be carried out any development in a manner prohibited by or contrary to any of the provisions of this Bylaw;
- e) fails to comply with an order, direction or notice given under this Bylaw; or
- f) prevents or obstructs, or attempts to prevent or obstruct, the authorized entry of an Enforcement Officer to enforce this Bylaw on property, will be deemed to have violated the provisions of this Bylaw.

2.3 Notice of Violation

- 2.3.1 Once an Enforcement Officer has found a violation of this Bylaw, the Enforcement Officer may notify the owner of the property, the person in possession of the land or development or the person responsible for the Bylaw violation or contravention, by either:
- a) delivering, in person or by ordinary mail or fax, a Warning Notice of Violation; or
 - b) posting a Warning Notice of Violation in a conspicuous location on the site.

2.3.2 A Warning Notice of Violation must state:

- a) the nature of the violation of this Bylaw;
- b) the scope of the corrective measures required to comply with this Bylaw; and
- c) the time limit within which such corrective measures must be performed.

2.3.3 Pursuant to the provisions of the Local Government Act, the District Council may direct the owner of the property, the person in possession of the land or buildings, or the person responsible for the contravention to comply with the provisions of this Bylaw, by way of an Order.

2.3.4 The District Council may order any person carrying out any development or doing anything in contravention of this Bylaw to:

- a) immediately stop the development or use of the land, building, structure, or sign in whole or in part; or
- b) take such other measures as are specified in the Order so that the development or use of the land or building is in accordance with this Bylaw; and
- c) comply with the provisions of this Bylaw within the time specified by the Order.

2.4 Order

2.4.1 This Order must be delivered by registered mail or be personally served to the person identified in Section 2.3.

2.4.2 Where a person fails or refuses to comply with the Order, the Enforcement Officer must take such action as is necessary to enforce the Order.

2.4.3 Any costs or expenses incurred by the District in carrying out an Order will be placed on the tax roll as an additional tax against the property concerned, and that amount will be collected in the same manner as taxes on the land.

2.5 Penalties

2.5.1 Each person who violates any of the provisions of this Bylaw is liable on summary conviction, to a fine not exceeding \$2,000.00 and the costs of prosecution.

2.5.2 Each day's continuance of an offence under Section 2.2 constitutes a new and distinct offence.

SHIPPING CONTAINER LISTING - DISTRICT OF 100 MILE HOUSE									
Name	Business Address	Folio#	Zone	Parcel Size	Number of Shipping Containers Permitted	Containers on Site	# of Containers that MUST be removed under current restrictions	Screened? Y/N	Notes

Zoning	<p>F2</p> <p>Res: 16/24 Moved By: Councillor Barnett Seconded By: Councillor Mingo</p> <p>BE IT RESOLVED THAT the Council Report from the Director of Economic Development and Planning regarding Zoning Issues <u>be received</u>;</p> <p>CARRIED</p> <p>Director of Planning & Economic Development J. Doddridge reviewed some of the current Zoning Bylaw concerns. Definitions are broad, can be open to interpretation and be problematic.</p> <p>Mayor Pinkney stressed that 100 Mile House is open for business and the highway corridor is our first impression. The highway is a gateway into the community, and it is also important to encourage people to visit the downtown area.</p> <p>Council agreed that for highway frontage assembly, trade contractor and health should be removed, office should be defined and businesses should be highway, tourism orientated.</p> <p>Council agreed that shipping containers should not be permitted within residential areas, visible in commercial areas and the District should be enforcing this as per the Bylaw.</p> <p>Council agreed that definitions need modification and some uses should be eliminated. Council directed staff to complete housekeeping items.</p> <p>Council does not want to permit backyard chickens at this time and believes that should be a permitted rural or agricultural use.</p> <p>Council discussed paved driveways, the struggle for homeowners to adhere to requirements. Council is satisfied with the requirements for residents to have a well-drained solid surface that does not contribute to mud and debris being tracked onto municipal roads.</p>

**District of
100 MILE HOUSE**

**COUNCIL REPORT
File No. 570-01**

**Regular Council Meeting
July 8, 2025**

REPORT DATE: July 3, 2025

TITLE: Local Government Climate Action Program (LGCAP)

PREPARED BY: J. Doddridge, Director of Economic Development & Planning

PURPOSE: To provide information and make the LGCAP 2024 Report publicly available.

RECOMMENDATION:

Recommended Resolution

BE IT RESOLVED THAT the 2024 Local Government Climate Action Program report be received.

BACKGROUND INFORMATION / DISCUSSION:

Attached is the District's report of Climate Actions completed in 2024, which was submitted to the Province on July 3, 2025. We are required to submit the report showing how the funding was used and post the report publicly (District website).

In 2024 \$13,410.57 was spent on LED building and street light upgrades, all remaining climate action spending was placed on hold for use in 2025 on LED lighting and HVAC upgrades at Martin Exeter Hall.

No action from Council is required at this time.

OPTIONS: N/A

BUDGETARY IMPACT: N/A as LGCAP funding was used for the upgrades.

LEGISLATIVE CONSIDERATIONS (Applicable Policies and/or Bylaws): N/A

ATTACHMENTS:

LGCAP 2024 Report

LGCAP 2024

The Survey

Question 1: How many staff in full time equivalents (FTEs) are dedicated to working specifically on climate action?*

Please estimate FTE(s) for climate-related work (e.g. 100% time = 1.0; 50% time = 0.5; 25% time = 0.25).

0.25

Question 2: Does your local government or Nation have a community-wide climate action plan or other guiding document(s)? *

() Yes

(X) No

Please select the type of plan(s) from the list.*

In the textbox, indicate the date the plan was adopted/approved in format YYYY-MM. If you don't remember the month, you can enter "01" for January.

☐ Integrated climate plan (addressing mitigation, adaptation and/or energy use)

☐ Integrated climate plan (addressing mitigation and adaptation)

☐ Integrated climate plan (addressing mitigation and energy)

☐ Integrated climate plan (addressing adaptation and energy)

☐ Standalone mitigation plan

☐ Standalone adaptation plan

☐ Standalone energy-related plan

☐ Don't know

Please include a link to the document or webpage if available.

If not, please select one or more options from the list.*

☐ No, but we are currently undertaking one and it will be completed in the next two years.

☐ No, we are not intending to undertake one due to lack of financial capacity.

☒ No, we are not intending to undertake one due to lack of expertise or technical capacity.

Question 3: Does your local government or Nation have a corporate climate action plan or other guiding document(s)? *

(X) Yes

() No

Please select the type of plan(s) from the list.*

In the textbox, indicate the date the plan was adopted/approved in format YYYY-MM. If you don't remember the month, you can enter "01" for January.

☐ Integrated climate plan (addressing mitigation, adaptation and/or energy use)

☐ Integrated climate plan (addressing mitigation and adaptation)

☐ Integrated climate plan (addressing mitigation and energy)

- ☐ Integrated climate plan (addressing adaptation and energy)
- ☐ Standalone mitigation plan
- ☐ Standalone adaptation plan
- ☒ Standalone energy-related plan
2013-02
- ☐ Don't know

Please include a link to the document or webpage if available.

If not, please select one or more options from the list.*

- ☐ No, but we are currently undertaking one and it will be completed in the next two years.
- ☐ No, we are not intending to undertake one due to lack of financial capacity.
- ☐ No, we are not intending to undertake one due to lack of expertise or technical capacity.

Question 4: Please select up to 3 challenges impeding the advancement of climate action in your community.*

- ☐ Lack of jurisdiction.
- ☒ Lack of staff capacity or expertise.
- ☒ Lack of financial resources.
- ☐ Lack of data or information.
- ☐ Lack of provincial or federal government support or collaboration.
- ☒ Competing priorities.
- ☐ Other.

Question 5: For the 2024 calendar year, has your local government or Nation measured and reported associated traditional services GHG emissions?*

If your local government or Nation is only reporting traditional services inventory through this LGCAP survey, please select "Yes".

- ☐ Yes
- ☒ No
- ☐ No, but for a past year. (Please enter most recent year completed: YYYY)

If your local government or Nation measured 2024 traditional services GHG emissions, please report the GHG emissions from services delivered directly (in tonnes of carbon dioxide equivalent) from your scope 1 and 2 sources.*

Format: Up to two decimal places and no commas (e.g. 1250.47)

If your local government or Nation measured 2024 traditional services GHG emissions, please report the GHG emissions from contracted services (in tonnes of carbon dioxide equivalent) from scope 1 and scope 2 sources.*

Format: Up to two decimal places and no commas (e.g. 1250.47)

If your local government or Nation measured 2024 traditional services GHG emissions, please report the total GHG emissions from both directly delivered and contracted services (in tonnes of carbon dioxide equivalent) from scope 1 and scope 2 sources.*

This would be the sum of the two questions above.

Format: Up to two decimal places and no commas (e.g. 1250.47)

Optional: If your local government or Nation estimated fuel consumption and emissions from contracted services (because you were unable to obtain fuel consumption data directly from all contractors), please report the average percentage you applied to all contracts that was associated with fuel consumption (calculated from a sample of contracts and entered in the Contracted Services Calculator in the field 'Fuel % cost of overall contracted service cost').

This information will allow us to modify our Contracted Emissions Calculator to provide default percentages for small, medium and large communities.

Format: Numbers, no percentage sign (e.g. 45)

If your local government or Nation measured 2024 traditional services GHG emissions, please report what protocol you used to measure emissions.*

- ☐ LGCAP methodology (our guidance documents such as the BC Best Practices Methodology for Quantifying GHG Emissions and the LGCAP Traditional Services Boundaries and Scope Guidance)
- ☐ CDP
- ☐ Greenhouse Gas Protocol
- ☐ Other (please specify):

Optional: Please indicate how many tonnes of CO₂e are associated with facilities.

Format: Up to two decimal places and no commas (e.g. 1250.47)

Optional: Please indicate how many tonnes of CO₂e are associated with mobile sources.

Format: Up to two decimal places and no commas (e.g. 1250.47)

Please provide the link to the public report if available.

Optional

If not, please select all that apply.*

- ☐ No, due to lack of staff and technical capacity.
- ☐ No, due to lack of financial resources.
- ☐ No, due to lack of awareness regarding which GHG accounting tools are available.
- ☒ No, traditional services emissions are measured but not reported.
- ☐ Measurement is in-progress.
- ☐ Traditional services inventory is not developed annually.

Optional: Please provide any further comments you wish to share on traditional services emissions measurement and reporting here (e.g. system or approach used to measure traditional services emissions).

Question 6: For the 2024 calendar year, have community-wide GHG emissions been measured for your local government or Nation?*

- ☐ Yes
- ☐ In-progress
- ☒ No

If your local government or Nation measured 2024 community-wide GHG emissions, please report your community-wide on-road transportation sector emissions in tonnes of CO₂e for 2024.*

Format: Up to two decimal places and no commas (e.g. 1250.47)

If your local government or Nation measured 2024 community-wide GHG emissions, please report your community-wide buildings sector emissions in tonnes of CO₂e for 2024.*

Format: Up to two decimal places and no commas (e.g. 1250.47)

If your local government or Nation measured 2024 community-wide GHG emissions, please report your community-wide municipal solid waste sector emissions in tonnes of CO₂e for 2024.*

Format: Up to two decimal places and no commas (e.g. 1250.47)

If your local government or Nation measured 2024 community-wide GHG emissions, please report the total for the buildings, solid waste and on-road transportation sectors.*

This would be the sum of the three questions above.

Please note: No commas are to be used in numerical fields.

If your local government or Nation measured your community-wide emissions, please report the protocol(s) you used to measure emissions.*

- ☐ Global Protocol for Community-Scale Greenhouse Gas Emissions Inventories (GPC).
- ☐ GCoM Common Reporting Framework (CRF).
- ☐ 2006 IPCC Guidelines for National Greenhouse Gas Inventories.
- ☐ U.S. Community Protocol for Accounting and Reporting of Greenhouse Gas Emissions (ICLEI USA).
- ☐ Regional specific methodology (CEEI).
- ☐ Jurisdiction specific methodology.
- ☐ Other.

If your local government or Nation is measuring community-wide emissions, please report the protocol(s) being used to measure emissions.*

- ☐ Global Protocol for Community-Scale Greenhouse Gas Emissions Inventories (GPC).
- ☐ GCoM Common Reporting Framework (CRF).
- ☐ 2006 IPCC Guidelines for National Greenhouse Gas Inventories.
- ☐ U.S. Community Protocol for Accounting and Reporting of Greenhouse Gas Emissions (ICLEI USA).
- ☐ Regional specific methodology (CEEI).
- ☐ Jurisdiction specific methodology.
- ☐ Other.

If not, please select all that apply from the list.*

- ☐ No, community GHG emissions were not reported because the 2024 Provincial Community Energy and Emissions Inventory data has not been released.
- ☒ No, we do not measure and report community-wide emissions data due to lack of financial capacity.
- ☒ No, we do not measure and report community-wide emissions data due to lack of staff and technical capacity.
- ☐ No, we do not measure and report community-wide emissions annually. (Please indicate most recent year completed: YYYY)

If not, has your community or Nation measured and reported community-wide emissions in the past?*

☐ Yes

☒ No

When was the last year your community or Nation reported its community-wide emissions and what is the interval for reporting (e.g. 2022, every 5 years)?*

Please report your community-wide on-road transportation sector emissions in tonnes of CO₂e for the most recent year available.*

Format: Up to two decimal places and no commas (e.g. 1250.47)

Please report your community-wide buildings sector emissions in tonnes of CO₂e for the most recent year available.*

Format: Up to two decimal places and no commas (e.g. 1250.47)

Please report your community-wide municipal solid waste sector emissions in tonnes of CO₂e for the most recent year available.*

Format: Up to two decimal places and no commas (e.g. 1250.47)

If your local government or Nation measured your community-wide emissions, please report the protocol(s) you used to measure emissions.*

- ☐ Global Protocol for Community-Scale Greenhouse Gas Emissions Inventories (GPC).
- ☐ GCoM Common Reporting Framework (CRF).
- ☐ 2006 IPCC Guidelines for National Greenhouse Gas Inventories.
- ☐ U.S. Community Protocol for Accounting and Reporting of Greenhouse Gas Emissions (ICLEI USA).
- ☐ Regional specific methodology (CEEI).
- ☐ Jurisdiction specific methodology.
- ☐ Other.

When was the last year your community or Nation reported its community-wide emissions and what is the interval for reporting (ex. 2022, every 5 years)?*

Please report your community-wide transportation sector emissions in tonnes of CO₂e for the most recent year available.*

Please report your community-wide buildings sector emissions in tonnes of CO₂e for the most recent year available.*

Please report your community-wide solid waste sector emissions in tonnes of CO₂e for the most recent year available.*

For the 2024 calendar year, did your community use raw data from the Community Energy and Emissions Inventory initiative to calculate community-wide emissions?*

- ☐ Yes
- ☐ No
- ☐ Not sure

Question 7: Currently, the Province's legislated GHG emission reduction targets are 40% by 2030, 60% by 2040 and 80% by 2050, relative to 2007. Please state your local government or Nation's target(s).*

Please enter "0" if no targets or baseline are established for the years given in the table.

	Reduction Percentage (format: e.g., 40)	Baseline Year (format: e.g., 2007)
2030	0	
2040	0	
2050	0	

If your local government or Nation's targets don't conform to the target years noted above, please enter them here.

Format e.g.: target 2035 50% baseline 2010, target 2060 70% baseline 2010, ...

Question 8: Does your local government or Nation have net-zero or carbon-neutral emissions target(s)?*

For the purposes of our reporting, we're only asking about net-zero and carbon neutrality, but acknowledge that there are a variety of corporate targets.

Net-zero refers to a jurisdiction or organization achieving a balance between greenhouse gas emissions produced and removed from the atmosphere (e.g. planting trees or using carbon capture technologies)

Carbon neutral refers to an organization reducing emissions as much as practicable and then offsetting the remainder by purchasing offsets or other similar mechanisms. Please select all that apply.

- ☐ Yes: Community-wide net-zero target
- ☐ Yes: Corporate carbon neutrality
- ☐ Yes: Corporate net-zero target
- ☒ No

Question 9: Please select up to three supporting indicators that would be most valuable to your local government or Nation to advance climate action.*

Previously, the Province reported these indicators through the Community Energy and Emissions Inventory initiative. The Province could prioritize publishing these indicators again in the future.

- ☐ Housing type: Private dwellings by structural type
- ☐ Floor area: Average floor area by building category and era
- ☐ Residential density: Population and dwelling units per square land area (km²)
- ☐ Commute by mode: Employed labour force by mode of commute
- ☐ Greenspace: Land area that is parks and protected greenspace
- ☐ Walk score: Proximity to services
- ☐ Proximity to transit: Persons, dwelling units and employment within walking distance of a transit stop/line
- ☒ Other

Having a 3rd party collect the supporting indicators would be helpful.

Optional: Please provide any further comments you wish to share on community-wide emissions measurement and reporting here.

Question 10: Please indicate all climate initiatives your local government or Nation had in-progress, ongoing or completed in the 2024 calendar year related to the buildings sector.*

This should not be limited to what your LGCAP funding supported.

- ☒ Corporate
- ☐ Community
- ☐ Not applicable

Corporate buildings policies, programs and actions.*

- ☐ Highest efficiency standards for new space and water heating equipment.
- ☐ BC Energy Step Code adoption (Step 4 or higher).
- ☐ Zero Carbon Step Code adoption.
- ☒ Efficiency upgrades/retrofits.
- ☐ Requirement to use mass timber in new buildings.
- ☐ Requirement to measure embodied carbon.
- ☐ Other.

Please enter the step for Part 3 buildings (Energy Step Code).

Optional

Please enter the step for Part 9 buildings (Energy Step Code).

Optional

Please enter the Emissions Level required for Part 3 buildings (Zero Carbon Step Code).

Optional

Please enter the Emissions Level required for Part 9 buildings (Zero Carbon Step Code).

Optional

Community-wide buildings policies, programs and actions.*

- ☐ Topping up Provincial energy efficiency incentive programs.
- ☐ Bylaw changes to facilitate heat pump installations or electrical upgrades (please explain):
- ☐ BC Energy Step Code adoption (Step 4 or higher).
- ☐ Zero Carbon Step Code adoption.

- ☐ Requirement to use mass timber in new buildings.
- ☐ Requirement to measure embodied carbon.
- ☐ Other.

Please enter the step for Part 3 buildings (Energy Step Code).

Optional

Please enter the step for Part 9 buildings (Energy Step Code).

Optional

Please enter the Emissions Level required for Part 3 buildings (Zero Carbon Step Code).

Optional

Please enter the Emissions Level required for Part 9 buildings (Zero Carbon Step Code).

Optional

Please enter the Emissions Level required for Part 3 buildings (Zero Carbon Step Code).

Optional

Please enter the Emissions Level required for Part 9 buildings (Zero Carbon Step Code).

Optional

Please highlight a community project(s) that was in-progress, ongoing or completed in the 2024 calendar year related to buildings.*

Please enter NA if your community reported no buildings initiatives ongoing, completed or in-progress for 2024.

We completed lighting and other energy efficiency upgrades.

Question 11: Please indicate all climate initiatives your local government or Nation had in-progress, ongoing or completed in the 2024 calendar year related to the transportation sector.*

This should not be limited to what your LGCAP funding supported.

- ☒ Corporate
- ☐ Community
- ☐ Not applicable

Corporate transportation policies, programs and actions.*

- ☐ Programs to increase high-occupancy (2 or more people) vehicle trips (i.e. carpooling).
- ☐ Established personal (passenger) transportation target goals, and measures to reach them, in annual reports – may include target goals for vehicle kilometre reduction, mode share for active transportation and zero-emission vehicles.
- ☐ Established commercial transportation target goals, and measures to reach them, in annual reports – may include target goals for vehicle kilometre reduction, mode share for energy efficient commercial transportation and zero-emission vehicles.
- ☐ Implemented zero-emission vehicle first procurement policy for all local government on and off-road vehicles purchases.
- ☐ Implemented a zero-emission vehicle preference or requirement for contracted work from a service provider.
- ☒ Active transportation infrastructure investments.
- ☒ Active transportation education and encouragement programs.
- ☐ Expanded micromobility access, bylaws and/or infrastructure (e.g. introduced or expanded bike/e-bike/e-scooter sharing programs, built new bike/scooter lanes, updated bylaws for use of bikes/scooters).
- ☐ Installation of secure bike parking (i.e. bike valet).
- ☐ Electric vehicle charging studies/planning.
- ☒ Electric vehicle charging infrastructure investments.

- ☐ Electric vehicle purchases and electric equipment/machinery purchases (i.e. electric zambonis)
- ☐ Required new and/or existing gasoline and card lock fuel stations to include zero-emission vehicle infrastructure development.
- ☐ Other.

Community-wide transportation policies, programs and actions.*

- ☐ Programs to increase high-occupancy (2 or more people) vehicle trips (i.e. carpooling).
- ☐ Improving or expanding public transportation.
- ☐ Mode shift targets for passenger and/or commercial transportation (shifting from private vehicles to sustainable modes like walking, cycling and public transit) in Official Community Plan, Regional Growth Strategy or other guiding documents.
- ☐ Established personal (passenger) transportation target goals, and measures to reach them, in annual reports – may include target goals for vehicle kilometre reduction, mode share for active transportation and zero-emission vehicles.
- ☐ Established commercial transportation target goals, and measures to reach them, in annual reports – may include target goals for vehicle kilometre reduction, mode share for energy efficient commercial transportation and zero-emission vehicles.
- ☐ Bylaws updated to prioritize energy efficient transportation hierarchy (i.e. pedestrians first).
- ☐ Revising existing bylaws or implementing new ones to support active transportation.
- ☐ Active transportation planning.
- ☐ Active transportation infrastructure investments.
- ☐ Active transportation education and encouragement programs.
- ☐ Expanded micromobility access, bylaws and/or infrastructure (e.g. introduced or expanded bike/e-bike/e-scooter sharing programs, built new bike/scooter lanes, updated bylaws for bikes/scooter uses).
- ☐ Bylaws that reduce or eliminate off street parking requirements.
- ☐ Implement pedestrian plazas, car-free streets (temporary or permanent) or limited-access automobile streets.
- ☐ Installation of secure public bike parking (i.e. bike valet).
- ☐ Neighbourhood or community-wide speed limit reductions.
- ☐ Electric vehicle charging studies/planning.
- ☐ Mandatory EV infrastructure in new construction.
- ☐ Established electric vehicle charging ready bylaws.
- ☐ Electric vehicle charging infrastructure investments.
- ☐ Streamlined hydrogen fueling station permitting process.
- ☐ Required new and/or existing gasoline and card lock fuel stations to include zero-emission vehicle infrastructure development.
- ☐ Required green roads certification for any new or significantly modified existing roads.
- ☐ Other.

Please highlight a community project(s) that was in-progress, ongoing or completed in the 2024 calendar year related to transportation.*

Please enter NA if your community reported no transportation initiatives ongoing, completed or in-progress for 2024.

We completed our Charge North installation of 2 Level 2 EV Charging Stations.

Question 12: Please indicate all other climate initiatives (excluding buildings, transportation, and adaptation and resilience) your local government or Nation had in-progress, ongoing or completed in the 2024 calendar year related to community-wide and corporate action. *

This section includes initiatives such as land-use planning, renewable energy projects, waste diversion, etc. This should not be limited to what your LGCAP funding supported.

- ☐ Corporate
- ☐ Community
- ☒ Not applicable

Corporate climate policies, programs and actions*

- ☐ Circular economy or zero waste strategy.

- ☐ Sustainable procurement policy.
- ☐ Renewable energy investments (e.g. district energy, waste heat recovery, biomass).
- ☐ Supporting green/blue carbon sequestration.
- ☐ Developing compliance carbon offset projects.
- ☐ Developing voluntary carbon offset projects.
- ☐ Other.

Community-wide climate policies, programs and actions.*

- ☐ Complete, compact communities
- ☐ Organics diversion
- ☐ Circular economy or zero waste strategy
- ☐ Renewable energy investments (e.g. district energy, waste heat recovery, biomass)
- ☐ Supporting green/blue carbon sequestration
- ☐ Climate engagement
- ☐ Other

Complete, Compact Communities - Please select all that apply.*

See Complete Communities Guide and Program for supports advancing identified community goals through the creation of more complete, compact and energy efficient communities.

- ☐ Rezoning
- ☐ Smaller lots
- ☐ Density bonuses
- ☐ Infill development
- ☐ Urban containment boundaries
- ☐ Regional Growth Strategies
- ☐ Community Development Plans

Please highlight a community project(s) that was in-progress, ongoing or completed in the 2024 calendar year related to community-wide or corporate action.*

Please enter NA if your community reported no community-wide or corporate initiatives ongoing, completed or in-progress for 2024.

NA

Question 13 a): Please indicate all initiatives your local government or Nation had completed, ongoing or in-progress in the 2024 calendar year to adapt to and build resilience to climate impacts.*

This should not be limited to what your LGCAP funding supported.

- ☐ Corporate
- ☐ Community
- ☒ Not applicable

Corporate resilience and adaptation policies, programs and actions.*

- ☐ Undertaking or completing a risk assessment at the asset or project level.
- ☐ Undertaking or completing a Hazard Risk Vulnerability Analysis (HRVA) at the asset or project level.
- ☐ Addressing current and future climate risks through plans, adaptation measure implementation, programs, service delivery, asset management and/or other functions.
- ☐ Collaboration with other communities on resilience planning/initiatives.
- ☐ Monitoring climate risks or impacts (floods, wildfire, etc.).
- ☐ Providing training (adaptation and mitigation skills).

- ☐ Creation of policy/procedures to affect change (climate considerations into decision-making processes).
- ☐ Creating data systems to support climate action.
- ☐ Utilizing natural assets/nature-based solutions.
- ☐ Developing emergency/hazard response plans.
- ☐ Developing business continuity or similar plan(s)
- ☐ Other.

Community-wide resilience and adaptation policies, programs and actions.*

- ☐ Undertaking or completing a risk assessment at the community level.
- ☐ Undertaking or completing a Hazard Risk Vulnerability Analysis (HRVA) at the community level.
- ☐ Addressing current and future climate risks through plans, adaptation measure implementation, programs, service delivery, asset management and/or other functions.
- ☐ Collaboration with other communities on resilience planning/initiatives.
- ☐ Hydro climatological data collection.
- ☐ Monitoring climate risks or impacts (floods, wildfire, etc.).
- ☐ Public engagement on climate risks and actions.
- ☐ Providing training (adaptation and mitigation skills).
- ☐ Creation of policy/procedures to affect change (climate considerations into decision-making processes).
- ☐ Creating data systems to support climate action.
- ☐ Developing, acquiring, or already have hazard or climate risk mapping (e.g., floodplains), data or similar information.
- ☐ Utilizing natural assets/nature-based solutions.
- ☐ Developing emergency/hazard response plans.
- ☐ Other.

Please highlight one or more climate adaptation project(s) that were completed, ongoing or in-progress in the 2024 calendar year to reduce risk and increase resilience.*

Please enter NA if your community reported no initiatives to reduce risk and increase resilience that were ongoing, completed or in-progress for 2024.

Please note that highlights for resilience actions may be shared with the Ministry of Emergency Management and Climate Readiness (EMCR) for them to use on ClimateReadyBC as part of their work on sharing info on climate resilience in BC. EMCR may follow up for more details if needed.

N/A

Question 13 b): Staff time for developing plans and assessments

How many full-time equivalent (FTE) staff are dedicated to developing the plans and assessments listed below? This includes plans and assessments done collaboratively with other local or Indigenous government partners. *

Please estimate e.g., 100% time = 1.0; 50% time = 0.5; 25% time = 0.25.

- ☒ Emergency management plans that address preparedness, response and/or recovery; also includes hazard specific response plans such as an extreme heat response plan
0.10
- ☐ Business continuity plans
- ☐ Hazard and climate risk assessments (e.g., Hazard, Risk and Vulnerability Assessment (HRVA), floodplain mapping, sea level rise risk assessment)
- ☐ Hazard and climate risk reduction / adaptation plans (e.g., flood risk management plan, community wildfire protection plan, water supply management plans)
- ☐ Not applicable

Question 13 c): Funding for developing plans and assessments

What is the annual budget allocated for the plans and assessments listed below? This includes plans and assessments done collaboratively with other local or Indigenous government partners. *

Please estimate and round to the nearest thousand and enter numbers with no dollar sign or comma.

- ☐ Emergency management plans that address preparedness, response and/or recovery; also includes hazard specific response plans such as an extreme heat response plan)
- ☐ Business continuity plans
- ☐ Hazard and climate risk assessments (e.g., Hazard, Risk and Vulnerability Assessment (HRVA), flood plain mapping, sea level rise risk assessment)
- ☐ Hazard and climate risk mitigation/adaptation plans (e.g., flood risk management plan, community wildfire protection plan, water supply management plans)
- ☒ Not applicable

Question 14 a): Has a climate risk and vulnerability or similar assessment been undertaken for your local government or Nation?*

Please select all that apply.

If completed, please provide the year of completion in the textbox (YYYY).

- ☐ Yes at the community level
- ☐ Yes at the asset or project level
- ☒ No

If available, please provide a link to the document:

If not, please select one or more options from the list.*

- ☐ No, but we are currently undertaking one and it will be complete in the next two years.
- ☒ No, we are not intending to undertake due to lack of financial capacity.
- ☒ No, we are not intending to undertake due to lack of staff and technical capacity.
- ☐ No, we are waiting for directions from the Provincial Government before undertaking an assessment.

Question 14 b): Are you integrating climate risk into asset management, budgeting and climate action plans?*

- ☐ Yes, in asset management
- ☒ Yes, in budgeting
- ☐ Yes, in climate action plans
- ☐ No

Question 15: Please select the most significant climate hazards and impacts faced by your jurisdiction and please specify the associated adaptation measures completed or in-progress in the 2024 calendar year, if any.*

If entering a hazard under "Other", please also write the hazard in the textbox.

Textbox limit: 998 characters

- ☒ Extreme heat and heat stress
cooling centres established; public education
- ☐ Extreme cold, snow and ice
- ☐ Water shortages
- ☒ Wildfire
emergency preparedness
- ☐ Wildfire smoke

- ☐ Overland flooding
- ☐ Coastal flooding, storm surge events and/or other coastal hazards
- ☐ Wind, rain, and other storm events
- ☐ Ecological impacts (examples of ecological impacts include biodiversity loss and erosion)
- ☐ Cultural impacts (examples of cultural impacts include threats to identities, languages, and livelihoods)
- ☐ Human health impacts
- ☐ Power outages
- ☐ Landslides
- ☐ Not applicable/no hazards
- ☐ Not sure
- ☐ Other

Question 16: What information do you need to know to be able to plan effectively for the future of your community, with respect to the hazards and impacts identified in Question 15?*

Please select one or more of what you consider the most valuable types of information for planning.

- ☐ Local knowledge
- ☐ Localized climate modelling and projected scenarios
- ☐ Assessment of potential community impacts
- ☐ Assessment of community vulnerabilities
- ☐ Risk assessment of hazards
- ☐ Mapping of climate change impacts and hazards
- ☐ Demographic information
- ☐ Projected development
- ☐ Adaptation planning information
- ☐ Technical expertise to implement solutions
- ☐ Community/partner engagement and support
- ☐ Information on partnership opportunities
- ☒ Examples of actions taken by other communities
- ☐ Not sure
- ☐ Other

Optional: What climate resilience indicators are of the most value to your local government or Nation?

E.g., Percentage of buildings retrofitted for energy efficiency and climate resilience; Percentage of urban tree canopy cover to mitigate heat island effects; Number of households with access to cooling centers during extreme heat events

Question 17: Please indicate all initiatives your local government or Nation had in-progress, ongoing or completed in the 2024 calendar year related to collaborating with their neighbouring communities, businesses or community organizations, critical infrastructure providers and/or other partners.*

Please select all that apply.

- ☐ Emergency Management and Disaster Climate Risk Management related activities such as preparing, reviewing or revising hazard risk assessments, emergency/hazard response and/or hazard risks plans.
- ☐ Entering into agreements with other jurisdictions related to emergency management, hazard and climate risk reduction, etc. (This request would exclude information on mutual aid type of agreements in relation to (e.g.) fire protection services.)
- ☒ Preparing, reviewing or revising a risk assessment or an emergency management plan.
- ☐ Not applicable

Question 18: Has your local government or Nation completed a natural asset inventory (an assessment of natural resources like forests, wetlands, and waterways for their ecosystem services and value)?*

- ☐ Yes
- ☒ No
- ☐ Currently in progress

If no, what are the primary barriers preventing your local government or Nation from completing a natural asset inventory?
Please select all that apply.

- ☐ Lack of awareness
- ☐ Lack of funding
- ☒ Lack of capacity (staff, expertise, etc.)
- ☐ Not a current priority for council, directors, or leadership
- ☐ Other (please specify)

Is your local government or Nation actively managing your natural assets based on this inventory?

- ☐ Yes
- ☐ No
- ☐ Planning to start soon

If your local government or Nation is not actively managing natural assets, what are the primary reasons?
Please select all that apply.

- ☐ Not required/mandated
- ☐ Lack of capacity (staff, expertise, etc.)
- ☐ Lack of understanding of the benefits
- ☐ Lack of funding
- ☐ Not a current priority for council, directors, or leadership
- ☐ Cross-jurisdictional challenges (natural assets existing outside your jurisdictional boundary)
- ☐ Other (please specify):

Question 19: How does your local government or Nation ensure equitable access to and distribution of climate action opportunities and benefits?*

Please select all that apply.

- ☐ By collecting and analyzing disaggregated and/or spatial data on the impacts of climate policy and change.
- ☐ By engaging with equity seeking groups/frontline communities most impacted by climate policy and change.
- ☐ By designing and implementing climate actions that remove barriers to participation in planning and programs faced by equity seeking groups/frontline communities most impacted by climate change.
- ☒ There are no specific measures in place to ensure equitable access to and distribution of opportunities and benefits.
- ☐ Not sure how to integrate equity into our climate action work.
- ☐ Not sure if equity is being integrated into our climate action work.

Optional: Please highlight a climate initiative completed or in-progress in the 2024 calendar year that promotes equity and inclusion.

Question 20 a): How has your local government or Nation spent or committed its LGCAP funding received in March 2024?

This is the 3-years' upfront lump sum totaling: \$167,254*

Instructions:

Please select all that apply and indicate the total dollar value associated with each initiative.

Please ensure the amount(s) entered below equals your local government or Nation's total LGCAP funding amount received in 2024 (noted above).

For the purposes of this question, "committed" funding refers to money that has been officially allocated or earmarked for specific projects with certainty, even if it has not yet been spent.

Please select "funds on hold" for any funding that was not spent or committed during the 2024 calendar year.

Format: no dollar sign, no comma and up to two decimal places.

- ☐ Corporate
- ☐ Community
- ☒ Funds on hold

167254

Corporate Initiatives

Textbox format: no dollar sign and up to two decimal points (i.e. 2500 or 657.25).

If selecting "Other", please write both the item and the amount of funding in the textbox.

- ☐ Staffing
- ☐ Energy study
- ☐ Climate study
- ☐ Traditional services emissions reporting
- ☐ Asset management
- ☐ Climate finance planning
- ☐ Leveraging funds from other sources/ grant stacking
- ☐ Buildings initiatives
- ☐ Transportation initiatives
- ☐ Corporate-wide initiatives
- ☐ Resilience and adaptation initiatives
- ☐ Other

Corporate buildings policies, programs and actions.*

Textbox format: no dollar sign and up to two decimal points (i.e. 2500 or 657.25).

If selecting "Other", please write both the item and the amount of funding in the textbox.

- ☐ Highest efficiency standards for new space and water heating equipment.
- ☐ BC Energy Step Code adoption (Step 4 or higher).
- ☐ Zero Carbon Step Code adoption.
- ☐ Efficiency upgrades/retrofits.
- ☐ Requirement to use mass timber in buildings construction.

☐ Requirement to measure embodied carbon.

☐ Other.

Corporate transportation policies, programs and actions.*

Textbox format: no dollar sign and up to two decimal points (i.e. 2500 or 657.25).

If selecting "Other", please write both the item and the amount of funding in the textbox.

☐ Programs to increase high-occupancy (2 or more people) vehicle trips (i.e. carpooling).

☐ Established personal (passenger) transportation target goals, and measures to reach them, in annual reports – may include target goals for vehicle kilometre reduction, mode share for active transportation and zero-emission vehicles.

☐ Established commercial transportation target goals, and measures to reach them, in annual reports – may include target goals for vehicle kilometre reduction, mode share for energy efficient commercial transportation and zero-emission vehicles.

☐ Implemented zero-emission vehicle first procurement policy for all local government on and off-road vehicles purchases.

☐ Implemented a zero-emission vehicle preference or requirement for contracted work from a service provider.

☐ Active transportation infrastructure investments.

☐ Active transportation education and encouragement programs.

☐ Expanded micromobility access, bylaws and/or infrastructure (e.g. introduced or expanded bike/e-bike/e-scooter sharing programs, built new bike/scooter lanes, updated bylaws for use of bikes/scooters).

☐ Installation of secure bike parking (i.e. bike valet).

☐ Electric vehicle charging studies/planning.

☐ Electric vehicle charging infrastructure investments.

☐ Electric vehicle purchases and electric equipment/machinery purchases (i.e. electric zambonis)

☐ Required new and/or existing gasoline and card lock fuel stations to include zero-emission vehicle infrastructure development.

☐ Other.

Corporate climate policies, programs and actions*

Textbox format: no dollar sign and up to two decimal points (i.e. 2500 or 657.25).

If selecting "Other", please write both the item and the amount of funding in the textbox.

☐ Circular economy or zero waste strategy.

☐ Sustainable procurement policy.

☐ Renewable energy investments (e.g. district energy, waste heat recovery, biomass).

☐ Supporting green/blue carbon sequestration.

☐ Developing compliance carbon offset projects.

☐ Developing voluntary carbon offset projects.

☐ Other.

Corporate resilience and adaptation policies, programs and actions.*

Textbox format: no dollar sign and up to two decimal points (i.e. 2500 or 657.25).

If selecting "Other", please write both the item and the amount of funding in the textbox.

☐ Undertaking or completing a risk assessment at the asset or project level.

☐ Undertaking or completing a Hazard Risk Vulnerability Analysis (HRVA) at the asset or project level.

☐ Addressing current and future climate risks through plans, adaptation measure implementation, programs, service delivery, asset management and/or other functions.

☐ Collaboration with other communities on resilience planning/initiatives.

☐ Monitoring climate risks or impacts (floods, wildfire, etc.).

☐ Providing training (adaptation and mitigation skills).

☐ Creation of policy/procedures to affect change (climate considerations into decision-making processes).

☐ Creating data systems to support climate action.

☐ Utilizing natural assets/nature-based solutions.

☐ Developing emergency/hazard response plans.

☐ Other.

Community-wide Initiatives

Textbox format: no dollar sign and up to two decimal points (i.e. 2500 or 657.25).

If selecting "Other", please write both the item and the amount of funding in the textbox.

☐ Climate engagement

☐ Climate study

☐ Energy study

☐ Asset management

☐ Buildings initiatives

☐ Transportation initiatives

☐ Community-wide initiatives

☐ Resilience and adaptation initiatives

☐ Topping up programs/incentives

☐ Other

Community-wide buildings policies, programs and actions.*

Textbox format: no dollar sign and up to two decimal points (i.e. 2500 or 657.25).

If selecting "Other", please write both the item and the amount of funding in the textbox.

- ☐ Topping up Provincial energy efficiency incentive programs.
- ☐ BC Energy Step Code adoption (Step 4 or higher).
- ☐ Zero Carbon Step Code adoption.
- ☐ Requirement to use mass timber in buildings construction.
- ☐ Requirement to measure embodied carbon.
- ☐ Other.

Community-wide transportation policies, programs and actions.*

Textbox format: no dollar sign and up to two decimal points (i.e. 2500 or 657.25).

If selecting "Other", please write both the item and the amount of funding in the textbox.

- ☐ Programs to increase high-occupancy (2 or more people) vehicle trips (i.e. carpooling).
- ☐ Improving or expanding public transportation.
- ☐ Mode shift targets for passenger and/or commercial transportation (shifting from private vehicles to sustainable modes like walking, cycling and public transit) in Official Community Plan, Regional Growth Strategy or other guiding documents.
- ☐ Established personal (passenger) transportation target goals, and measures to reach them, in annual reports – may include target goals for vehicle kilometre reduction, mode share for active transportation and zero-emission vehicles.
- ☐ Established commercial transportation target goals, and measures to reach them, in annual reports – may include target goals for vehicle kilometre reduction, mode share for energy efficient commercial transportation and zero-emission vehicles.
- ☐ Bylaws updated to prioritize energy efficient transportation hierarchy (i.e. pedestrians first).
- ☐ Revising existing bylaws or implementing new ones to support active transportation.
- ☐ Active transportation planning.
- ☐ Active transportation infrastructure investments.
- ☐ Active transportation education and encouragement programs.
- ☐ Expanded micromobility access, bylaws and/or infrastructure (e.g. introduced or expanded bike/e-bike/e-scooter sharing programs, built new bike/scooter lanes, updated bylaws for use of bikes/scooters).
- ☐ Bylaws that reduce or eliminate off street parking requirements.
- ☐ Implement pedestrian plazas, car-free streets (temporary or permanent) or limited-access automobile streets.
- ☐ Installation of public secure bike parking (i.e. bike valet).
- ☐ Neighbourhood or community-wide speed limit reductions.
- ☐ Electric vehicle charging studies/planning.

- ☐ Mandatory EV infrastructure in new construction.
- ☐ Established electric vehicle charging ready bylaws.
- ☐ Electric vehicle charging infrastructure investments.
- ☐ Streamlined hydrogen fueling station permitting process.
- ☐ Required new and/or existing gasoline and card lock fuel stations to include zero-emission vehicle infrastructure development.
- ☐ Required green roads certification for any new or significantly modified existing roads.
- ☐ Other.

Community-wide climate policies, programs and actions.*

Textbox format: no dollar sign and up to two decimal points (i.e. 2500 or 657.25).

If selecting "Other", please write both the item and the amount of funding in the textbox.

- ☐ Complete, compact communities
- ☐ Organics diversion
- ☐ Circular economy or zero waste strategy
- ☐ Renewable energy investments (e.g. district energy, waste heat recovery, biomass)
- ☐ Supporting green/blue carbon sequestration
- ☐ Other

Complete, compact communities.*

Textbox format: no dollar sign and up to two decimal points (i.e. 2500 or 657.25).

If selecting "Other", please write both the item and the amount of funding in the textbox.

- ☐ Rezoning
- ☐ Smaller lots
- ☐ Density bonuses
- ☐ Infill development
- ☐ Urban containment boundaries
- ☐ Official Community Plans
- ☐ Regional Growth Strategies
- ☐ Community Development Plans
- ☐ Other

Community-wide resilience and adaptation policies, programs and actions.*

Textbox format: no dollar sign and up to two decimal points (i.e. 2500 or 657.25).

If selecting "Other", please write both the item and the amount of funding in the textbox.

- ☐ Undertaking or completing a risk assessment at the community level.
- ☐ Undertaking or completing a Hazard Risk Vulnerability Analysis (HRVA) at the community level.
- ☐ Addressing current and future climate risks through plans, adaptation measure implementation, programs, service delivery, asset management and/or other functions.
- ☐ Collaboration with other communities on resilience planning/initiatives.
- ☐ Hydroclimatological data collection.
- ☐ Monitoring climate risks or impacts (floods, wildfire, etc.).
- ☐ Public engagement on climate risks and actions.
- ☐ Creation of policy/procedures to affect change (climate considerations into decision-making processes).
- ☐ Creating data systems to support climate action.

- ☐ Utilizing natural assets/nature-based solutions.
- ☐ Developing emergency/hazard response plans.
- ☐ Other.

Funds on hold - How will funds be allocated?

- ☒ Please indicate the project(s) and the amount of funding allocated to each of them, if known.

*municipal facility lighting , upgrades \$42,889
and municipal facility HVAC efficiency
upgrades \$124,365*

- ☐ No decision has been made.

To expand upon your selection(s), please highlight the initiative(s) your local government or Nation's LGCAP funding received in March 2024 has gone towards*

All funds on hold, our tentative plans are for municipal facility lighting , upgrades \$42,889 and municipal facility HVAC efficiency upgrades \$124,365

Question 20 b): How has your local government or Nation spent or committed its remaining LGCAP funding received in 2022 and 2023?

Based on our records, for your community, these funds total: \$16,192.02. (This is your community's total LGCAP funding received in 2022 and 2023 minus what was reported as spent in the last two LGCAP surveys.)*

Your community needs to report on this whether or not you've submitted an LGCAP Spending Forecast Form.

You can see what your community has previously reported for LGCAP funding in the LGCAP Raw Survey Data. Instructions: Please select all that apply and indicate the total dollar value associated with each initiative.

Please ensure the amount(s) entered below equals your local government or Nation's total LGCAP funding amount that was previously reported as in reserve (noted above).

It doesn't matter which year the previously reserved funds received in 2022 and 2023 were spent or committed in.

Format: no dollar sign, no comma and up to two decimal places.

- ☒ Corporate
- ☐ Community

☐ Not applicable (Amount above is \$0 as funds were reported as spent in the last two LGCAP surveys)

Corporate Initiatives

Textbox format: no dollar sign and up to two decimal points (i.e. 2500 or 657.25).

If selecting "Other", please write both the item and the amount of funding in the textbox.

- ☐ Staffing
- ☐ Energy study
- ☐ Climate study
- ☐ Traditional services emissions reporting
- ☐ Asset management
- ☐ Climate finance planning
- ☐ Leveraging funds from other sources/ grant stacking
- ☒ Buildings initiatives
- ☐ Transportation initiatives
- ☐ Corporate-wide initiatives
- ☐ Resilience and adaptation initiatives
- ☐ Other

Corporate buildings policies, programs and actions.*

Textbox format: no dollar sign and up to two decimal points (i.e. 2500 or 657.25).

If selecting "Other", please write both the item and the amount of funding in the textbox.

- ☐ Highest efficiency standards for new space and water heating equipment.
- ☐ BC Energy Step Code adoption (Step 4 or higher).
- ☐ Zero Carbon Step Code adoption.
- ☒ Efficiency upgrades/retrofits.
13410.57
- ☐ Requirement to use mass timber in buildings construction.
- ☐ Requirement to measure embodied carbon.
- ☒ Other.
2781.45 Funds on Hold - See note below

Corporate transportation policies, programs and actions.*

Textbox format: no dollar sign and up to two decimal points (i.e. 2500 or 657.25).

If selecting "Other", please write both the item and the amount of funding in the textbox.

- ☐ Programs to increase high-occupancy (2 or more people) vehicle trips (i.e. carpooling).
- ☐ Established personal (passenger) transportation target goals, and measures to reach them, in annual reports – may include target goals for vehicle kilometre reduction, mode share for active transportation and zero-emission vehicles.

- ☐ Established commercial transportation target goals, and measures to reach them, in annual reports – may include target goals for vehicle kilometre reduction, mode share for energy efficient commercial transportation and zero-emission vehicles.
- ☐ Implemented zero-emission vehicle first procurement policy for all local government on and off-road vehicles purchases.
- ☐ Implemented a zero-emission vehicle preference or requirement for contracted work from a service provider.
- ☐ Active transportation infrastructure investments.
- ☐ Active transportation education and encouragement programs.
- ☐ Expanded micromobility access, bylaws and/or infrastructure (e.g. introduced or expanded bike/e-bike/e-scooter sharing programs, built new bike/scooter lanes, updated bylaws for use of bikes/scooters).
- ☐ Installation of secure bike parking (i.e. bike valet).
- ☐ Electric vehicle charging studies/planning.
- ☐ Electric vehicle charging infrastructure investments.
- ☐ Electric vehicle purchases and electric equipment/machinery purchases (i.e. electric zambonis)
- ☐ Required new and/or existing gasoline and card lock fuel stations to include zero-emission vehicle infrastructure development.
- ☐ Other.

Corporate climate policies, programs and actions*

Textbox format: no dollar sign and up to two decimal points (i.e. 2500 or 657.25).

If selecting "Other", please write both the item and the amount of funding in the textbox.

- ☐ Circular economy or zero waste strategy.
- ☐ Sustainable procurement policy.
- ☐ Renewable energy investments (e.g. district energy, waste heat recovery, biomass).
- ☐ Supporting green/blue carbon sequestration.
- ☐ Developing compliance carbon offset projects.
- ☐ Developing voluntary carbon offset projects.
- ☐ Other.

Corporate resilience and adaptation policies, programs and actions.*

Textbox format: no dollar sign and up to two decimal points (i.e. 2500 or 657.25).

If selecting "Other", please write both the item and the amount of funding in the textbox.

- ☐ Undertaking or completing a risk assessment at the asset or project level.
- ☐ Undertaking or completing a Hazard Risk Vulnerability Analysis (HRVA) at the asset or project level.

- ☐ Addressing current and future climate risks through plans, adaptation measure implementation, programs, service delivery, asset management and/or other functions.
- ☐ Collaboration with other communities on resilience planning/initiatives.
- ☐ Monitoring climate risks or impacts (floods, wildfire, etc.).
- ☐ Providing training (adaptation and mitigation skills).
- ☐ Creation of policy/procedures to affect change (climate considerations into decision-making processes).
- ☐ Creating data systems to support climate action.
- ☐ Utilizing natural assets/nature-based solutions.
- ☐ Developing emergency/hazard response plans.
- ☐ Other.

Community-wide Initiatives

Textbox format: no dollar sign and up to two decimal points (i.e. 2500 or 657.25).

- ☐ Climate engagement
- ☐ Climate study
- ☐ Energy study
- ☐ Asset management
- ☐ Buildings initiatives
- ☐ Transportation initiatives
- ☐ Community-wide initiatives
- ☐ Resilience and adaptation initiatives
- ☐ Topping up programs/incentives
- ☐ Other

Community-wide buildings policies, programs and actions.*

Textbox format: no dollar sign and up to two decimal points (i.e. 2500 or 657.25).

If selecting "Other", please write both the item and the amount of funding in the textbox.

- ☐ Topping up Provincial energy efficiency incentive programs.
- ☐ BC Energy Step Code adoption (Step 4 or higher).
- ☐ Zero Carbon Step Code adoption.
- ☐ Requirement to use mass timber in buildings construction.
- ☐ Requirement to measure embodied carbon.

☐ Other.

Community-wide transportation policies, programs and actions.*

Textbox format: no dollar sign and up to two decimal points (i.e. 2500 or 657.25).

If selecting "Other", please write both the item and the amount of funding in the textbox.

- ☐ Programs to increase high-occupancy (2 or more people) vehicle trips (i.e. carpooling).
- ☐ Improving or expanding public transportation.
- ☐ Mode shift targets for passenger and/or commercial transportation (shifting from private vehicles to sustainable modes like walking, cycling and public transit) in Official Community Plan, Regional Growth Strategy or other guiding documents.
- ☐ Established personal (passenger) transportation target goals, and measures to reach them, in annual reports – may include target goals for vehicle kilometre reduction, mode share for active transportation and zero-emission vehicles.
- ☐ Established commercial transportation target goals, and measures to reach them, in annual reports – may include target goals for vehicle kilometre reduction, mode share for energy efficient commercial transportation and zero-emission vehicles.
- ☐ Bylaws updated to prioritize energy efficient transportation hierarchy (i.e. pedestrians first).
- ☐ Revising existing bylaws or implementing new ones to support active transportation.
- ☐ Active transportation planning.
- ☐ Active transportation infrastructure investments.
- ☐ Active transportation education and encouragement programs.
- ☐ Expanded micromobility access, bylaws and/or infrastructure (e.g. introduced or expanded bike/e-bike/e-scooter sharing programs, built new bike/scooter lanes, updated bylaws for use of bikes/scooters).
- ☐ Bylaws that reduce or eliminate off street parking requirements.
- ☐ Implement pedestrian plazas, car-free streets (temporary or permanent) or limited-access automobile streets.
- ☐ Installation of public secure bike parking (i.e. bike valet).
- ☐ Neighbourhood or community-wide speed limit reductions.
- ☐ Electric vehicle charging studies/planning.
- ☐ Mandatory EV infrastructure in new construction.
- ☐ Established electric vehicle charging ready bylaws.
- ☐ Electric vehicle charging infrastructure investments.
- ☐ Streamlined hydrogen fueling station permitting process.
- ☐ Required new and/or existing gasoline and card lock fuel stations to include zero-emission vehicle infrastructure development.

☐ Required green roads certification for any new or significantly modified existing roads.

☐ Other.

- ☐ Utilizing natural assets/nature-based solutions.
- ☐ Developing emergency/hazard response plans.
- ☐ Other.

To expand upon your selection(s), please highlight the initiative(s) your local government or Nation's LGCAP funding received in 2022 and 2023 has gone towards*

LED lighting upgrades in municipal buildings and streetlighting.

Street light efficiency upgrades \$6,855.57; Municipal building efficiency upgrades \$6,555.00

** The 2023 report duplicated projected spending from the 2022 report (\$45,517.49). Actual spending resulted in \$61,709.51 remaining at the end of 2023 from the 22/23 funds of \$114,164. \$13,410.57 spent in 2024 and the remaining on hold until 2025 (\$48,298.94). These funds were all spent by the Mar 2025 deadline on efficiency upgrades/retrofits.*

Question 21 a): How much additional external funding for climate action were you able to invest by leveraging your 2024 LGCAP funds? This could include matching grants as well as private investment.*

Format: no dollar sign, no comma, and up to two decimal places

0

Question 21 b): Please list the funding programs leveraged and associated funders (i.e. Investing in Canada Infrastructure Program, Canada/Province).*

Please enter "NA" if no funds were leveraged.

NA

Question 22: What is your internal decision criteria for spending LGCAP dollars?*

Projects are designed and quoted by the Community Services Department, generally discussed during budget planning and large projects are then brought to Council for approval.

Question 23: Does your local government or Nation use a formal framework to apply a climate lens on infrastructure planning and decision-making?*

This could include the Provincial preliminary GHG assessment guidance, the Federal climate lens guidance, or another climate lens framework.

☐ Yes

☒ No

Question 24: What is the value in the Program's continuity for your community and how does it support other priority initiatives for your local government or Nation (e.g. affordability, health, economic growth/resilience, etc.)?

Optional

The program provides much needed funds to continue our climate mitigation efforts, which would not otherwise be possible.

Please note on posting the survey publicly:

- All information from the required questions must be included.

- Optional questions and responses can be omitted. The Province will use the information from optional questions for internal purposes only.
- When posting the survey publicly, the design / format of the form can be changed.

District of 100 Mile House – Bylaw Enforcement Monthly Progress Report

Period: June, 2025

In June there were 5 Requests for Service:

- Unsightly lawn complaint.
- Barking dog.
- Report of a truck/camper living on a residential property.
- Unsightly construction mess on business property.
- Aggressive cat attacking neighbour's cats.

Other issues dealt with in June:

- Parking issues. Backwards, parked on grass, parked in no parking areas etc.
- Filling of containers and totes at Sani dump.
- Business licensing issues.
- Business utility surveys

**District of
100 MILE HOUSE**

**COUNCIL REPORT
File No. 570-01**

**Regular Council Meeting
July 8, 2025**

REPORT DATE: July 3, 2025

TITLE: Development Variance Permit – 270 Third St.

PREPARED BY: J. Doddridge, Director of Economic Development & Planning

PURPOSE: To present Council with a Development Variance Permit (DVP) application and request a decision to move forward with the notification process.

RECOMMENDATION: Recommended Resolution

BE IT RESOLVED THAT Council of the District of 100 Mile House authorize staff to proceed with the notification process, including notification of adjoining property owners, of Council's intent to consider issuance of a Development Variance Permit to the Cariboo Chilcotin Regional Hospital Board for the property located at 270 Third Street and legally described as Lot 2, Plan 8930, DL 31, Lillooet District to vary Zoning Bylaw No. 1290, 2016 as follows:

- a) To vary section 5.0 Off-street Parking and Loading Requirements, Tables 1 and 2 from the combined off-street parking requirements totalling 13 spaces to 12 spaces;
- b) To vary section 5.2.6 a) from an off-street parking space width of 2.8 metres to 2.5 metres for one small-car parking space; and
- c) To vary section 10.1.9 Minimum Floor Area for 2 one-bedroom apartments from 61m² to 45m² and 49m².

in substantial accordance with the application as submitted on June 4, 2025.

BACKGROUND INFORMATION / DISCUSSION:

Attached is a Development Variance Permit (DVP) application from the Cariboo Regional District for the Cariboo Chilcotin Regional Hospital Board, for the property located at 270 Third Street and legally described as Lot 2, Plan 8930, DL 31, Lillooet District.

The property is zoned Central Business District Commercial (C-1) Zone and there are presently two older abandoned commercial buildings on the property, slated for demolition. The proposal is to construct a new office building for the Cariboo Regional District, along with 3 residential apartments on the upper floor to accommodate medical professionals. The proposed uses are all permitted in the C-1 Zone.

The application requests Council's consideration to vary the following:

- Number of off-street parking spaces reduced from 13 spaces to 12 spaces;
- Dimensions of one parking space from 2.8m wide to 2.5m wide to accommodate a single small-car parking space; and
- Minimum floor area for both one-bedroom apartments from 61m² to 45m² and 49m².

The proposal includes adding a curb, gutter and sidewalk extension along the South side of the property to align with the sidewalk adjacent to the lane at the Community Hall and connecting to the existing sidewalk on Cedar Avenue.

It also includes finishing the roadway pavement along the South side of the property on Third Street, to accommodate additional angle street parking. The angle street parking will be accessible by Third Street off Birch Avenue as well as by the lane behind the Community Hall.

Finally, a one-way entrance and exit traffic configuration on-site will help to ensure traffic flow is maintained on Farmer's Market days when a portion of Third Street is closed.

The application has been referred to affected agencies and municipal departments. To date, the following comments have been returned:

- Community Services & Building Inspection –
- Fire Department – The FD has no concerns with these referrals for 270 Third St at this time.
- Ministry of Transportation – MoTT has no objections with the proposal.

Community Services and Building Inspection comments, if any, will be brought forward at the Council meeting.

A Development Permit (DP) is also required for this development. The DP application will be brought to Council at the August 12th meeting for consideration, to coincide with consideration of the Development Variance Permit.

Should Council concur, the following process and timeline are in order:

Council Resolution authorizing DVP to proceed	July 8, 2025
Notification to adjoining property owners	July 30, 2025
Post to District Website & send to subscribers	July 30, 2025
Post at the District's posting place	July 30, 2025
Council consideration of issuing a DVP	Aug. 12, 2025

OPTIONS: Should Council elect not to proceed with the notification process, the application stops immediately, and the applicant will be entitled to a partial refund.

BUDGETARY IMPACT: N/A

LEGISLATIVE CONSIDERATIONS (Applicable Policies and/or Bylaws):

I/We Cariboo Regional District agree to allow the agents of the District of 100
(Applicant's Name)

Mile House to enter onto the subject property to inspect the land and buildings.

A copy of a State Title of Certificate, or a copy of a Certificate of Indefeasible Title, dated no more than thirty (30) days prior to submission of the application must accompany the application as a proof of ownership.

DESCRIPTION OF EXISTING LAND USE: (use separate sheet if necessary)

This lot currently houses two vacant commercial buildings.

DESCRIPTION OF PROPOSED DEVELOPMENT/USE/BYLAWS CHANGE:

(use separate sheet if necessary)

Our plan for this location is to demolish the current vacant buildings and build a new location for our Cariboo Regional District & Cariboo Chilcotin Regional Hospital District offices, as we have outgrown our current location. We will also have 3 apartments for physicians and health care workers as they move to the area.

We need a variance for the one bedroom apartments, as they are undersized. They should be 61m² but one apartment is 45m² and the other is 49m². The variance needed is 16m² for the one and 12m² for the other.

We also need a variance for 1 parking space, as we are short 1 of the required amount of spaces. A variance is required for a small car parking space also.

Services Currently Existing or Readily Available to the Property (check applicable area)

Approximate Commencement Date of Proposed Project

May 26, 2025 for demolition

Reasons in Support of Application

Reasons and comments in support of the application (use separate sheet if necessary)

Currently the buildings in this location are not visually appealing. Our goal is to build a space that meets our needs as a Regional District as well as benefit the City of 100 Mile House with providing accommodations for visiting and relocating physicians and health care workers. The design of our planned building compliments the design of downtown and will greatly improve the curb appeal in comparison to the current buildings. We have worked within our capabilities to fit as much into this space and appreciate the consideration of a variance for those we were not able to perfect.

Maps and Drawings:

The following maps and drawings must accompany the application:

1. A dimensional Sketch Plan drawn to scale showing the parcel(s) or part of the parcel(s) and the location of existing buildings, structures and uses.

Minimum size required: 11 x 17 (ledger size)

2. A dimensional Site Plan drawn to scale showing the proposed use, buildings and structures, elevations, highway access etc.

Minimum size required: 11 x 17 (ledger size)

3. A Contour Map (Plan) drawn to scale with contour interval of up to no more than 10 metres, if warranted by the topographic condition (of the subject site).
